Metal and Vampire Metal Extreme Metal is more than just an encyclopaedia It takes a rare look at an ever proliferating music scene that will horrify thrill and shock you From Abhorrant to Zyklon from the chart topping success of Slipknot to the trials and church burnings of Count Grishnackh and Burzum no stone is left unturned Any fan of music just that bit different from the homogenous mass of plastic pop will find something to cherish within these pages     *Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004     **Who You Think I Am?** Sebastian Berlich, 2023-10-27 Pop stars are close to us In their songs their pictures their stories on Instagram What we are looking for is an authentic impression Real feelings on real faces But what happens when they cover their face with a mask Permanently as a second face The phenomenon can be found in the mainstream as well as in the underground The mask does not break with the ideal of authenticity Rather depending on how it is staged it refers to the most diverse discourses can appear cool or grotesque become a logo or create anonymity The essay uses mainly two examples Sido Slipknot to show how the mask constructs the persona of pop stars and thus reveals structures of pop music The translation was done with the help of artificial intelligence A subsequent human revision was done primarily in terms of content
