Leonard M. Faltz

Speak Navajo:

The Navajo Verb Leonard M. Faltz, 1998 For the first time students and scholars interested in the Navajo language have a book that presents the verb system in a step by step and thorough fashion By providing easy to follow descriptions with abundant examples this book unravels the complexity of Navajo and reveals its expressiveness *The Routledge Handbook of Language and Mind Engineering* Chris Shei, James Schnell, 2024-04-16 The Routledge Handbook of Language and Mind Engineering is a comprehensive work that delves into the complex interplay between language culture politics and media in shaping the human mind The book is divided into five main sections each exploring different aspects of mind engineering I Political Mind Engineering II Commercial Mind Engineering III Media Culture and Mind Engineering IV Linguistic and Semiotic Analysis of Mind Engineering V Mind Engineering in Educational Settings The book provides a multi dimensional perspective on how language media culture and politics intersect to shape individuals thoughts and beliefs It highlights the diverse methods and contexts in which mind engineering occurs making it a valuable resource for scholars researchers and policymakers interested in understanding the complexities of contemporary discourse and manipulation of human thought The contents of this cutting edge handbook will engage all undergraduate postgraduate PhD students and scholars and researchers at all levels in fields such as languages linguistics politics communication studies media studies and psychology Chapter 15 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY International license Chapter 17 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Chapter 18 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license [Handbook of Heritage, Community, and Native American Languages in the United States](#) Terrence G. Wiley, Joy Kreeft Peyton, Donna Christian, Sarah Catherine K. Moore, Na Liu, 2014-01-03 Co published by the Center for Applied Linguistics Timely and comprehensive this state of the art overview of major issues related to heritage community and Native American languages in the United States based on the work of noted authorities draws from a variety of perspectives the speakers use of the languages in the home community and wider society patterns of acquisition retention loss and revitalization of the languages and specific education efforts devoted to developing stronger connections with and proficiency in them Contributions on language use programs and instruction and policy focus on issues that are applicable to many heritage language contexts Offering a foundational perspective for serious students of heritage community and Native American languages as they are learned in the classroom transmitted across generations in families and used in communities the volume provides background on the history and current status of many languages in the linguistic mosaic of U S society and stresses the importance of drawing on these languages as societal community and individual resources while also noting their strategic importance within the context of

globalization Native American Language Ideologies Paul V. Kroskrity, Margaret C. Field, 2009-04-15 Beliefs and feelings about language vary dramatically within and across Native American cultural groups and are an acknowledged part of the processes of language shift and language death This volume samples the language ideologies of a wide range of Native American communities from the Canadian Yukon to Guatemala to show their role in sociocultural transformation These studies take up such active issues as insiderness in Cherokee language ideologies contradictions of space time for the Northern Arapaho language socialization and Paiute identity and orthography choices and language renewal among the Kiowa The authors including members of indigenous speech communities who participate in language renewal efforts discuss not only Native Americans conscious language ideologies but also the often revealing relationship between these beliefs and other more implicit realizations of language use as embedded in community practice The chapters discuss the impact of contemporary language issues related to grammar language use the relation between language and social identity and emergent language ideologies themselves in Native American speech communities And although they portray obvious variation in attitudes toward language across communities they also reveal commonalities notably the emergent ideological process of iconization between a language and various national ethnic and tribal identities As fewer Native Americans continue to speak their own language this timely volume provides valuable grounded studies of language ideologies in action those indigenous to Native communities as well as those imposed by outside institutions or language researchers It considers the emergent interaction of indigenous and imported ideologies and the resulting effect on language beliefs practices and struggles in today s Indian Country as it demonstrates the practical implications of recognizing a multiplicity of indigenous language ideologies and their impact on heritage language maintenance and renewal *The Green Book of Language Revitalization in Practice* Leanne Hinton, Kenneth Hale, 2013-06-13 With world wide environmental destruction and globalization of economy a few languages especially English are spreading rapidly in use while thousands of other languages are disappearing taking with them important cultural philosophical and environmental knowledge systems and oral literatures We all stand to suffer from such a loss none more so than the communities whose very identity is being threatened by the impending death of their languages In response to this crisis indigenous communities around the world have begun to develop a myriad of projects to keep their languages alive This volume is a set of detailed accounts about the kind of work that is going on now as people struggle for their linguistic survival It also serves as a manual of effective practices in language revitalization Following are the key features 23 case studies of language revitalization in practice from Native American languages Australian languages Maori Hawaiian Welsh Irish and others written primarily by authors directly involved in the programs short introductions situate the languages to help make the languages more real in the minds of readers each chapter gives a detailed overview of the various kinds of programs and methods in practice today introductions and maps for each of the languages represented familiarize the reader with their history linguistic structure and

sociolinguistic features and strong representation in authorship and viewpoint of the people and communities whose languages are threatened gives the readers an inside understanding of the issues involved and the community internal attitudes toward language loss and revitalization This book was previously published by Academic Press under ISBN 978 01 23 49354 5 **Speak Navajo** Alan Wilson, Gene Dennison, 1978-12-01 Presents Navajo language instruction covers vocabulary and structures including present past and future verb tenses related to areas of Navajo life and culture such as weaving animal husbandry tribal government and planting *Transnational Identities and Practices in English Language Teaching* Rashmi Jain, Bedrettin Yazan, Suresh Canagarajah, 2021-07-27 The self inquiries in this edited volume exemplify the dynamism that permeates global ELT wherein English language educators and teacher educators are increasingly operating across blurred national boundaries creating new liminal spaces charting new trajectories crafting new practices and pedagogies constructing new identities and reconceptualizing ELT contexts This book captures the diverse voices of emerging and established ELT practitioners and scholars originally from and or operating in non Western contexts spanning not only the so called non Western peripheries but also peripheries created within the center when certain members are minoritized on the basis of their race language and or place of origin The chapters address a range of related issues occurring at the intersections of personal and professional identities pedagogy and classroom interactions as well as research and professional practices in liminal transnational spaces *Transforming Diné Education* Pedro Vallejo, Vincent Werito, 2022-03-29 Transforming Din Education honors the perspectives and voices of Din educators in culturally relevant education special education Din language revitalization well being tribal sovereignty self determination in Din education and university tribal community partnerships The contributors offer stories about Din resilience resistance and survival by articulating a Din centered pedagogy and politics for future generations Hearings United States. Congress. Senate. Committee on Labor and Public Welfare, 1968 Language and Politics in the United States and Canada Thomas K. Ricento, Barbara Burnaby, 1998-05-01 This volume critically analyzes and explains the goals processes and effects of language policies in the United States and Canada from historical and contemporary perspectives The focus of this book is to explore parallel and divergent developments in language policy and language rights in the two countries especially in the past four decades as a basis for reflection on what can be learned from one country's experience by the other Effects of language policies and practices on majority and minority individuals and groups are evaluated Differences in national and regional language situations in the U S and Canada are traced to historical and sociological demographic and legal factors which have sometimes been inappropriately generalized or ignored by ideologues The point is to show that certain general principles of economics and sociology apply to the situations in both countries but that differing notions of sovereignty state and nation ethnicity pluralism and multiculturalism have shaped attitudes and policies in significant ways Understanding the bases for these varying attitudes and policies provides a clearer understanding of the idiosyncratic as well as more universal factors

that contribute to tensions between groups and to outcomes many of which are unintended The volume makes clear that language matters always involve issues of culture economics politics individual and group identities and local and national histories The chapters provide detailed analyses on a wide range of issues at the national state provincial and local levels in both countries The chapter authors come from a variety of academic disciplines education geography journalism law linguistics political science and sociology and the findings taken together contribute to an evolving interdisciplinary theory of language policy
