Exercise Book for Speak Cantonese Huang Po-Fei, 1987-07 **Modern Cantonese Book 1** Siu-lun Lee, 2022-12-30

The first volume of Modern Cantonese aims to provide solid linguistic training to beginner Cantonese learners highlighting cultural points with lively language scenarios. This book provides daily conversational scenarios such as introducing yourself and others, ordering food, going out with friends, shopping, planning a weekend, and talking about hobbies and leisure activities, as well as holidays and festivals. The scenarios cover daily settings with essential learning points, and on completion of the course, learners will be able to understand questions and statements in Cantonese conversations and will be able to discuss familiar everyday topics using simple sentences in Cantonese. The book is ideal for students seeking to learn Cantonese as a second language at the novice level based on ACTFL speaking proficiency guidelines. It may also be of interest to language teachers and linguists in the field of Cantonese as a second language. *Cantonese as a Second Language* John C.

Wakefield, 2019-04-09 Cantonese is a language from southern China that is spoken by roughly 70 million people worldwide. It is the language of Hong Kong cinema and has traditionally been the most prominent language spoken in Chinatowns around the world. People choose to learn Cantonese for a variety of social and economic reasons because it is a heritage language that one's relatives speak because it is the language of one's partner and monolingual in laws because it is necessary for living and working in Hong Kong, Macau, Guangzhou, or other Cantonese-speaking communities because it is the bridge to fully appreciating and understanding Cantonese culture, or simply because it is an irresistible challenge. Whatever the motivation, more and more people are choosing to learn Cantonese as an additional language. This book discusses many issues related to both acquiring and teaching Cantonese. If you are a learner of Cantonese, this long overdue volume is essential to understanding both the grammatical and the social issues involved with learning this notoriously difficult language. If you are a teacher, this book will be invaluable to gaining insight into your students' motivations and needs. And finally, if you are an applied linguist, the unique aspects related to the acquisition of Cantonese offer a fascinating contribution to the literature.

The Learning and Teaching of Cantonese as a Second Language Siu-lun Lee, 2023-07-12 The Learning and Teaching of Cantonese as a Second Language brings together contributions on such issues as Cantonese textbooks, linguistic description, literacy, and tone acquisition, supplemented by case studies from the Netherlands and Japan. The learning and teaching of Cantonese as a second language is a subject of considerable interest in the international academic community, and the first international symposium on teaching Cantonese as a second language, held at the Chinese University of Hong Kong in October 2019, brought together leading researchers in this field. This conference provided the inspiration for the current volume, *The Learning and Teaching of Cantonese as a Second Language*. In the Hong Kong context, historically, the term Cantonese refers to the language varieties of immigrants who came to the territory from various areas in Guangdong province, including Macau, Panyu, Taishan, Xinhui, and Zhongshan. From the late nineteenth century onwards, their speech

coalesced into the contemporary variety of Cantonese used in Hong Kong today The term Cantonese is also used to refer to the entire Yue subgroup of Chinese which includes varieties of Cantonese spoken in southern China Hong Kong Macau Malaysia Singapore and among overseas Chinese in Australia Europe and North America In all it is estimated that there are about 70 million Cantonese speakers in the world This volume is of direct relevance to educators language teachers linguists and all those concerned with the learning of Cantonese as a second language
