Speaking The Unspeakable Religion Misogyny And The Uncanny Mother In Freuds Cultural Texts

Stefania Lucamante

Speaking The Unspeakable Religion Misogyny And The Uncanny Mother In Freuds Cultural Texts:

Speaking the Unspeakable Diane Jonte-Pace, 2001-12-03 In this bold rereading of Freud's cultural texts Diane Jonte Pace uncovers an undeveloped counterthesis one that repeatedly interrupts or subverts his well known Oedipal masterplot. The counterthesis is evident in three clusters of themes within Freud's work: maternity, mortality and immortality, Judaism and anti-Semitism and mourning and melancholia. Each of these clusters is associated with the uncanny and with death and loss. Appearing most frequently in Freud's images, metaphors and illustrations, the counterthesis is no less present for being unspoken; it is indeed unspeakable. The uncanny mother is a primary theme found in Freud's texts involving fantasies of immortality and mothers as instructors in death. In other texts Jonte Pace finds a story of Jews for whom the dangers of assimilation to a dominant Gentile culture are associated unconsciously with death and the uncanny mother. The counterthesis appears in the story of anti-Semites for whom the uncanny impression of circumcision gives rise not only to castration anxiety but also to matrophobia. It also surfaces in Freud's inability to mourn the social and religious losses accompanying modernity and his inability to mourn the loss of his own mother. The unfolding of Freud's counterthesis points toward a theory of the cultural and unconscious sources of misogyny and anti-Semitism in the unspeakable. Jonte Pace's work opens exciting new vistas for the feminist analysis of Freud's intellectual legacy.

Speaking the Unspeakable Diane Elizabeth Jonte-Pace, 2001 Jonte Pace offers an original reading of selected Freudian texts that lie at the interface of his theories of religion, culture, psyche and gender. She shows that beneath Freud's Oedipal masterplot are unthematized but potent images that meet in the uncanny images of maternal corpses and dead mothers, immortality or afterlife, an absent God and the wandering Jew. Freud's familiar texts become unfamiliar, especially to readers of the English translations. Jonte Pace unearths Freud's unsaid preoccupations and in doing so unsettles what scholars say that he said. Judith Van Herik, author of *Freud on Femininity and Faith*.

Sigmund Freud and Oskar Pfister on Religion Carlos Domínguez-Morano, 2023-07-24 Sigmund Freud and Oskar Pfister on Religion examines the dialogue between psychoanalysis and religion through the encounters of two men: the unfaithful Jew who founded psychoanalysis and a pastor of profound religious faith and proven psychoanalytic conviction. Carlos Domínguez Morano analyses the original encounters between Freud and Pfister and their respective positions, noting the incidences, impasses and progress of their discussions. The complex interactions between psychoanalysis and religion over time are considered and Domínguez Morano assesses the fundamental parameters of each perspective with reference to Catholicism. The book explores the relationship between psychoanalysis and religion as a rich, ongoing and unending dialogue and sheds new light on the origins of psychoanalysis. Sigmund Freud and Oskar Pfister on Religion will be of great interest to academics and scholars of psychoanalytic studies, religion, the history of psychology and the history of ideas.

Teaching Freud Diane Jonte-Pace, Professor of Religious Studies and Associate Vice Provost for Faculty Development, Santa Clara University, 2003-03-04 As one of the first theorists to explore

the unconscious fantasies fears and desires underlying religious ideas and practices Freud can be considered one of the grandparents of the field of Religious Studies Yet his legacy is deeply contested How can Freud be taught in a climate of critique and controversy The fourteen contributors to this volume all recognized scholars of religion and psychoanalysis describe how they address Freud s contested legacy they teach the debates They go on to describe their courses on Freud and religion their innovative pedagogical practices and the creative ways they work with resistance

A Multitude of Women Stefania Lucamante,2008-09-15 *A Multitude of Women* looks at the ways in which both Italian literary tradition and external influences have assisted Italian women writers in rethinking the theoretical and aesthetic ties between author text and readership in the construction of the novel Stefania Lucamante discusses the valuable contributions that Italian women writers have made to the contemporary novel and illustrates the relevance of the novelistic examples set by their predecessors She addresses various discursive communities reading works by Di Lascia Ferrante Vinci and others with reference to intertextuality and the theories of Elsa Morante and Simone de Beauvoir This study identifies a positive deviation from literary and ideological orthodoxy a deviation that helps give meaning to the Italian novel and to transform the traditional notion of the canon in Italian literature Lucamante argues that this is partly due to the merits of women writers and their ability to eschew obsolete patterns in narrative while favouring forms that are more attuned to the ever changing needs of society She shows that contemporary novels by women authors mirror a shift from previous trends in which the need for female emancipation interfered with the actual literary and aesthetic significance of the novel *A Multitude of Women* offers a new epistemology of the novel and will appeal to those interested in women s writing readership Italian studies and literary studies in general

Methodology in Religious Studies Arvind Sharma,2012-02-01 *Methodology in Religious Studies* assesses the impact of women s studies on the various methods employed in studying religion Since its inception in the 1860s the study of religion as an academic discipline has evolved over time ranging from the classically historical to the boldly hermeneutical The women s studies movement has since the 1980s become part and parcel of the intellectual landscape of our times and the study of religion has become increasingly influenced by it What are the implications of this new development for the methodology of religious studies Leading practitioners of psychological theological sociological anthropological phenomenological historical and hermeneutic approaches examine the mutually enriching interface between religious studies and women s studies as they explore the broader issue of the interaction between method and the nature of the subject itself

Freud on the Couch Beverley Clack,2013-09-01 A major new myth busting introduction to one of the 20th century s greatest thinkers Sigmund Freud 1856 1939 founder of psychoanalysis is one of the most famous thinkers of modern times But despite and perhaps because of his notoriety his work is frequently encumbered by mistranslations clich s and misconceptions In this landmark assessment of the great theorist Professor Beverley Clack reveals a more complex Freud than the one with whom we are commonly presented Casting new light on a

man often unfairly derided as obsessed with sex and rigid theory Clack argues that he was as concerned with the death drive as the sex drive and that his fierce critique of religion masked a fascination with spiritual existential and philosophical questions Revealing how the work of philosophers such as Schopenhauer and Nietzsche influenced Freud far more than he cared to admit Clack explains his key ideas and case studies in the context of his eventful life Including a detailed exploration of hysteria and its foundational role in his theories this myth busting introduction is a vital insight into why Freud's thought is still so relevant today

Beyond the Philosopher's Fear Ludger H. Viefhues-Bailey, 2016-12-05 Based on a detailed analysis of gender in Stanley Cavell's treatment of the skeptical problem this book addresses the relationship between gender and religion in modern skepticism Engaging in dialogue with Julia Kristeva's philosophy Viefhues claims that a religious problem underlies Cavell's understanding of the feminine The feminine which the skeptic fears is construed as a placeholder for the beyond marking the transcendence of our origins which are elusive yet at the same time part of ourselves It is argued that a religious question of origins thus lies at the heart of the modern skeptical problem

Ana-María Rizzuto and the Psychoanalysis of Religion Martha J. Reineke, David M. Goodman, 2017-08-24 Ana María Rizzuto's groundbreaking explorations of the formation of God representations in early childhood and their elaboration throughout the life cycle have made their mark enriching the practice of psychoanalysis and psychotherapy as well as scholarship within the psychoanalytic study of religion Accompanied by illuminating commentaries by Rizzuto the authors of this edited collection essays in this volume underscore Rizzuto's most important contribution to clinical practice rather than assert that psychoanalysis is incompatible with religious beliefs and practices or with spiritual concerns that patients may bring to a therapeutic context Rizzuto makes room for the coexistence of psychoanalysis and religion in the therapeutic setting Demonstrating how Rizzuto's work has enhanced connections within and among psychoanalytic theories of religion established pathways for new developments in psychotherapy and facilitated interdisciplinary conversations this volume showcases the compelling power of Rizzuto's work and its ongoing influence

The Riddling between Oedipus and the Sphinx Yuan Yuan, 2016-04-12 The issue of the other has always been an urgent one especially since 1980's when the political debates over race gender class culture ethnicity and post colonialism took the central stage The Riddling between Oedipus and the Sphinx Ontology Hauntology and Heterologies of the Grotesque probes the polemic status of the other and the dubious nature of the subject from a heterodox perspective of an emblematic grotesque figure the Sphinx the mystical trickster and the guardian of sacred knowledge in Egyptian culture In Greek mythology Oedipus the epitome of Western logos solved the Sphinx's riddle with a single word Man This evocation for the phantom of a solipsistic subject discloses in effect Oedipus' latent grotesque disparity The book explores the encounter of this unlikely pair to inquire the riddling relationship between the singular subject and the grotesque other in the context of modern discourses of the subject and postmodern theories of the other

Speaking The Unspeakable Religion Misogyny And The Uncanny Mother In Freuds Cultural Texts Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has are more evident than ever. They have the ability to inspire, provoke, and ignite change.
