Speaking Of Ethnography:

Speaking of Ethnography Michael Agar, 1986 In this eloquently written volume Michael Agar expands the premise set forth in his very popular work *The Professional Stranger* *Speaking of Ethnography* challenges the assumption that conventional scientific procedures are appropriate for the study of human affairs Agar's work is informed by a hermeneutic and phenomenological tradition in which he questions the researcher's own taken-for-granted procedures *Explorations in the Ethnography of Speaking* Richard Bauman, 1975-01-31 First published in 1974 this collection of classic case studies in the ethnography of speaking had a formative influence on the field No other volume has so successfully provided a broad cross-cultural survey of the use and function of language and speech in everyday life The essays deal with traditional societies in Native North America and South America Africa and Oceania English French and Yiddish speaking communities in Europe and North America Afro-American communities in North America and the Caribbean Now reissued the collection includes a major new Introduction by the editors that traces the subsequent development of the ethnography of speaking and indicates directions for further research Copyright Libri GmbH All rights reserved **Understanding Communication Research Methods** Stephen M. powerful case for the importance of speaker centred methodologies in multilingual and multilingualism research The book is a rich source of theoretical and methodological reflections and will thus be a valuable resource for both experienced researchers and students beginning to explore biographical research methods Talking Culture Michael Moerman,1988 Argues that anyone anthropologist psychologist or policeman who uses what people say to find out what people think had better know how speech itself is organized Artificial Intelligence for Natural Language Processing Dhanalekshmi Prasad Yedurkar,Ganesh R.
