Duncan Fishwick

Spectaculum Volume 3 2005:

Poetry Project ,2006 **The Theatrical Spectaculum** Tova Gamliel,2019-12-11 This book offers a new mythic perspective on the secret of the allure and survival of a current archaic institution the Western theatre in an era of diverse technological media Central to the theory is the spectaculum a stage world that mirrors a monotheistic cosmic order Tova Gamliel here not only alerts the reader to the possibility of the spectaculum s existence but also illuminates its various structural dimensions the cosmological ritual and sociological Its cosmo logical meaning is a Judeo Christian monotheistic consciousness of non randomness an exemplary order of the world that the senses perceive The ritual meaning denotes the centrality of the spectaculum as the theatre repeatedly reenacts the mythical and paradigmatic event of Biblical revelation Its social meaning concerns any charismatic social theory that is anchored in the epitomic structure of social sovereignty stage and audience that the Western theatre advances in an era characterized by hypermedia **The Environment of Compassion** Cia Sautter,2025-05-09 The Environment of Compassion explores questions of what it means to be in relationship to nature if and how it is a religious experience and how understanding humans as part of nature alters theology The book offers a performance perspective that looks at ritual dance and theatre as a means of presenting discussion of sacred values in the public realm The premise is that performance may serve as an effective means for developing human sacred values that recognize the more than human world as it increases intersubjective awareness to address issues of social and environmental justice The author investigates religion and theatre as a means of better understanding how eco consciousness requires an aesthetic of the sacred Rather than separate religion culture and nature the book presents an aesthetic looking at the relationship between them It considers how an embodied theatrical story might develop an inclusive community of compassion Weaving the chapters together is an account of The Garden A Refuge an eco centered play based on the biblical book of Job Ecotheology aesthetics and embodiment theories are examined throughout with scholarship and examples drawn largely from the Jewish tradition The book is relevant to scholars of religion and theology particularly those with an interest in the environment as well as theatre dance and performance studies **Cities and Fascination** Wolf-Dietrich Sahr,2016-05-23 Bringing together leading urban scholars this book discusses the linkages between the economic social and psychological factors of the urban environment It focuses on the growth of private urbanity that has led to a spectacularization of the city the most extreme component of attention being the fascination which is aroused by attractions and state managed events The complex characteristics of this fascination are examined under the dimensions of aesthetics emotions lived experiences and power structures and governance The interdisciplinary nature of this collection has wide international appeal and will be of interest to academics of social and cultural geography and cultural and media studies *The Imperial Cult in the Latin West, Volume III, Provincial Cult. Part 4. Bibliography, Indices, Addenda* Duncan Fishwick,2005-09-01 This volume concludes the series with an apparatus The list of Abbreviated Titles comprises all

Abbreviations used throughout the four Parts while the Bibliography consolidates the books and articles cited in the four sets of References The intention of the various Indices is to let the reader find his way about the text in one way or another whereas the main focus of the Addenda is on publications that were either earlier missed or as in most cases appeared too late to be included at the appropriate stage of the text Lastly the list of errata in the Corrigenda consists mostly of typographical errors that escaped notice in the original manuscript

Queen Hedwig Eleonora and the Arts Lisa Skogh, 2017-07-05 As queen consort and dowager Hedwig Eleonora 1636 1715 held a unique position in Sweden for more than half a century As the dominant collector and patron of art and architecture in the realm she left a strong mark on Swedish court culture Her dynastic network among the Northern European courts was extensive and this helped to make Sweden a major cultural center in Northern Europe in the later seventeenth century This book represents the first major scholarly publication on the full range of Hedwig Eleonora s endeavours from the financing of her court to her place within a larger princely network to her engagements with various cultural pursuits to her public image As the contributors show despite her high profile political position and conspicuous patronage Hedwig Eleonora experienced little of the animosity directed at many other foreign queens and regents such as the Medici in France and Henrietta Maria in England In this way she provides a model for a different and more successful way of negotiating the difficulties of joining a foreign court the analysis of her circumstances thus adds a substantial dimension to the study of early modern queenship Presenting much new scholarship this volume highlights one extremely significant early modern woman and her imprint on Northern European history and fosters international awareness of the importance of early modern Scandinavia for European cultural history

Architectures of Festival in Early Modern Europe J.R. Mulryne, Krista De Jonge, Pieter Martens, R.L.M. Morris, 2017-10-25 This fourth volume in the European Festival Studies 1450 1700 series breaks with precedent in stemming from a joint conference Venice 2013 between the Society for European Festivals Research and the PALATIUM project supported by the European Science Foundation The volume draws on up to date research by a Europe wide group of academic scholars and museum and gallery curators to provide a unique intellectually stimulating and beautifully illustrated account of temporary architecture created for festivals of the sixteenth and seventeenth centuries together with permanent architecture pressed into service for festival occasions across major European locations including Italian French Austrian Scottish and German Appealing and vigorous in style the essays look towards classical sources while evoking political and practical circumstances and intellectual concerns from re shaping and re conceptualizing early sixteenth century Rome through providing for the well being and political allegiance of Medici era Florentines and exploring the teasing aesthetics of performance at Versailles to accommodating players and spectators in seventeenth century Paris and at royal and ducal events for the Habsburg French and English crowns The volume is unique in its field in the diversity of its topics and the range of its scholarship and fascinating in its account of the intellectual and political life of Early Modern Europe **St**

Petersburg and the Russian Court, 1703-1761 P. Keenan, 2013-06-24 This book focuses on the city of St Petersburg the capital of the Russian empire from the early eighteenth century until the fall of the Romanov dynasty in 1917 It uses the Russian court as a prism through which to view the various cultural changes that were introduced in the city during the eighteenth century ["The Courtly Consort Suite in German-Speaking Europe, 1650?706 "](#) Michael Robertson, 2017-07-05

Dance music at the courts of seventeenth century Germany is a genre that is still largely unknown Dr Michael Robertson sets out to redress the balance and study the ensemble dance suites that were played at the German courts between the end of the Thirty Years War and the early years of the eighteenth century At many German courts during this time it was fashionable to emulate everything that was French As part of this process German musicians visited Paris throughout the second half of the seventeenth century and brought French courtly music back with them on their return For the last two decades of the century this meant the works of Jean Baptiste Lully and his music and its influence spread rapidly through the courts of Europe Extracts from Lully's dramatic stage works were circulated in both published editions and manuscript These extracts are considered in some detail especially in terms of their relationship to the suite The nobility also played their part in this process French musicians and German players with specialist knowledge were often hired to coach their German colleagues in the art of playing in the French manner the *französischer Art* The book examines the dissemination of dance music instrumentation and performance practice and the differences between the French and Italian styles It also studies the courtly suites before the advent of Lullism and the differences between the suites of court composers and town musicians With the possible exception of Georg Muffat's two *Florilegium* collections of suites much of the dance music of the German Lullists is largely unknown court composers such as Cousser Erlebach Johann Fischer and Johann Caspar Ferdinand Fischer all wrote fine collections of ensemble suites and these are examined in detail Examples from these suites some published for the first time are given throughout the book in order to demonstrate the music's quality and show that its neglect is completely unjustifi

[Oxford Readings in Tacitus](#) Rhiannon Ash, 2012-06-21 This collection is designed to reflect the main trends in scholarship on the Roman historian of the early empire Tacitus particularly as they have developed over the last century Covering the whole of Tacitus works it begins with a comprehensive introduction which sets the selected scholarship and Roman author in context
