Speech Genres And Other Late Essays:

Speech Genres and Other Late Essays Mikhail Mikhaïlovich Bakhtin, 1986 *Speech Genres and Other Late Essays* presents six short works from Bakhtin's *Esthetics of Creative Discourse* published in Moscow in 1979. This is the last of Bakhtin's extant manuscripts published in the Soviet Union. All but one of these essays, the one on the Bildungsroman, were written in Bakhtin's later years and thus they bear the stamp of a thinker who has accumulated a huge storehouse of factual material to which he has devoted a lifetime of analysis, reflection, and reconsideration. **Speech Genres and Other Late Essays**

MacGee, 1986 **Semioethics as Existential Dialogue** Susan Petrilli, Susan Mancino, 2024-10-28 This collection brings together perspectives on the interplay of communication, dialogue, and responsibility, exploring communicative acts of disruption toward a social environment attuned to short-sighted individualism. *Semioethics* highlights the condition of inevitable entanglement with the other at the origin of sociality, which demands a response to the other based on listening and accountability. The volume introduces readers to the theoretical foundations of semioethics, an emergent direction within sign and language studies which relies upon a commitment to otherness, unindifference, and dialogue. Building on the dialogic approaches of Mikhail Bakhtin and Emmanuel Levinas, chapters grouped into five sections are all guided by the notion of responsibility toward the other outside of utilitarian logic and greedy exchange. This collection highlights the ways in which semioethics considers the ethical implications of the signs that mediate dialogue among persons in the social sphere, public and private, sacred and profane. It presupposes the notion that signs are only meaningful in their relation to other signs and the intersubjectivity among persons in dialogue. Chapters also variously examine how the interplay of semioethics and dialogue underpins public life and the existential gifts that sustain a healthy polis. This book will be of interest to scholars in semiotics, dialogue research, communication ethics, and philosophy of communication. [Journal for the Evangelical Study of the Old Testament, 4.1](#)

The Influence of Mikhail Bakhtin on the Formation and Development of the Yale School of Deconstruction Julio Peiró Sempere, 2014-05-02 This book explores the origins of American literary deconstruction in the light of the work of Russian philosopher Mikhail M Bakhtin To do so the author offers a comparative reading of Bakhtin's work and that of the literary critics who formed the so called Yale School of Deconstruction namely Paul de Man J Hillis Miller Harold Bloom and Geoffrey Hartman By resorting to Bakhtin's challenging understanding of the dialogical nature of the world and his reworking of the notion of temporality in the literary work of art the readings offered in this book provide the reader with a new point of departure for one of the most influential movements in twentieth century literary theory literary deconstruction

Between Philosophy and Literature Daphna Erdinast-Vulcan, 2013-12-11 This is an original reading of Mikhail Bakhtin in the context of Western philosophical traditions and counter traditions The book portrays Bakhtin as a Modernist thinker torn between an ideological secularity and a profound religious sensibility invariably concerned with questions of ethics and impelled to turn from philosophy to literature as another way of knowing Most major studies of Bakhtin highlight the fragmented and apparently discontinuous nature of his work Erdinast Vulcan emphasizes instead the underlying coherence of the Bakhtinian project reading its inherent ambivalences as an intersection of philosophical literary and psychological insights into the dynamics of embodied subjectivity Bakhtin's turn to literature and poetry as well as the dissatisfactions that motivated it align him with three other exilic Continental philosophers who were his contemporaries Bergson Merleau Ponty and Levinas Adopting Bakhtin's own open ended approach to the human sciences

the book stages a series of philosophical encounters between these thinkers highlighting their respective itineraries and impasses and generating a Bakhtinian synergy of ideas
