The Spell of the Flying Foxes Sylvia Dyer, 2011-09-15 It is a commonly held belief in India that flying foxes augur prosperity They were certainly abundant in the Champaran region of north Bihar Here in 1845 an Englishman Alfred Augustus Tripe fascinated by the prospect of farming indigo known as Blue Gold was drawn to its isolated wilderness He acquired a large tract of rich fertile land by the river Bagmati married an Indian lady of means and reaped prosperity in the days when dust turned to gold Their children were sent to England for an education but tragically only one Joseph Rowland Tripe lived long enough to marry and produce a daughter Gladys The disastrous earthquake that struck Bihar in 1934 annihilated the ancestral home and those members of the family trapped within its walls sparing only Gladys who was left helpless with her young children and her powerful unscrupulous cousin Harry Taking advantage of this development Harry attempted to usurp Gladys s entire inheritance but was foiled by the mysterious intervention of a formidable dacoit leader With the advent of Independence and the ensuing drastic land reforms the flying foxes disappear and with them a golden era In *The Spell of the Flying Foxes* Sylvia Dyer Gladys s daughter recaptures what now seems a fairy tale world of picturesque beauty peopled by unique and unforgettable characters [The Oxford American College Dictionary](#) ,2002 The Oxford American College Dictionary is completely new based on the New Oxford American Dictionary which was published in October 2001 Drawing on Oxford s unparalleled language resources including a 200 million word database this college dictionary contains more than 175 000 entries and more than 1000 illustrations including line drawings photographs and maps boxed quotes from famous writers demonstrating word usage and style country guides shaded boxes highlighting the most important geographical information on more than 180 countries with maps core sense organization of definitions a brand new and utterly sensible plan in which subordinate definitions flow logically from primary ones and the most important usage of the word comes first thumb index tabs for easy searching **Radio Times** ,1971
