A Guide to Asian High Yield Bonds Florian H. A. Schmidt, 2014-01-28. An up-to-date comprehensive analysis of the high yield bond market in Asia. Beginning with a general definition of high yield bond products and where they reside within the corporate capital structure, this newly updated guide looks at the development of high yield bonds in the United States and Europe before analysing this sector in Asia. It covers issuer countries and industries, ratings and size distributions and also covers the diversification of the high yield issuer universe. It includes a thorough technical analysis of high yield bond structures commonly employed in Asian transactions, including discussion of the respective covenants and security packages that vary widely across the region. Chapters and sections new to this edition cover such subjects as high yield bond restructuring, the new high yield Dim Sum market and the high yield placement market shutdown of 2008/2009. Finally, the book looks at the new characteristics of Asian economies for indicators on how the high yield market will develop there in the near future. Offers an extremely detailed analysis of Asia's high yield bond market. Features new and updated material including new coverage of the key differences between Asian structures and United States structures. Ideal for CFOs of companies contemplating high yield issuance as well as investment bankers, bank credit analysts, portfolio managers and institutional investors.

Investing in International Real Estate M. A. Hines, 2000-10-30. With numerous cogent examples from real estate markets worldwide, Dr Hines makes it clear that investing in foreign real estate is by no means the same as investing domestically. She shows how, why and when special strategies must be devised to enter the world market, conveys essential information on global investment opportunities, outlines career opportunities and advancement strategies in

international investment and provides insights into international business in the context of global real estate investing Her focus on industrial commercial and residential real estate reflects both the major investment interests of world class investment professionals and the diversity of real estate market conditions Her book is thus an essential resource for professional real estate investors teachers and their graduate level students Dr Hines focuses on the general investment strategies that successful and profitable international real estate investors have devised over many years and now follow assiduously Readers gain knowledge of direct investment in industrial commercial and residential real estate and through the purchase of securities such as real estate investment trusts and mortgage backed issues After discussing basic international real estate differences and general acquisition strategies the book moves to functional strategies such as valuation land development construction financing and tax strategies Dr Hines concludes with a coverage of housing and shopping centers office buildings and industrial property investment all of which allow readers to observe the differences among functional areas and then tie them to the differences among investments in various types of properties Her book covers Western Eastern and Central Europe East Southeast Central and South Asia Africa in general and Morocco in Northwest Africa in particular plus the Middle East and North and South America *Japan Trade Guide, with a Comprehensive Mercantile Directory* ,1960 **From Concept to Monument: Time and Costs of Construction in the Ancient World** Simon J. Barker,Christopher Courault,Javier Á. Domingo,Dominik Maschek,2023-07-13 21 papers focus on modelling the costs of construction over the course of 2 500 years from Bronze Age Greece to the early Middle Ages They discuss both broader issues of methodology and particular case studies with particular attention to the exploitation of raw materials e g quarries transport and construction processes on building sites
