Gutman, 2014-04-01 As fast paced as a freefall from a roaring airplane as thrilling as a towering jump off a ski slope Being Extreme is a fascinating examination of the adrenaline rush of extreme sports Here is a world where living life on the edge is the only option where you are only as good as your last jump and where one false move can take you out of the game permanently From mountain climbing and freestyle motocross to skydiving and snowboarding and beyond in the past decade the world of extreme sports has exploded onto the scene with daredevils attempting acts of athleticism that leave spectators awed and fearful Being Extreme explores the motivations and societal impulses behind these high risk lifestyles through interviews with professional athletes and recreational enthusiasts as well as with psychiatrists who seek to understand the motivation behind these Big T personalities Authors Gutman and Frederick also explore what heart stopping sports are

around the next curve because in a world where the rush is everything everyone is always upping their game Bodies of Nature Phil Macnaghten, John Urry, 2001-08-15 This book examines the embodied nature of people's experience in and of the modern world. It is therefore part of the deep seated turn towards the body. However it is partly critical of this development in as much as it affirms that the sociology of the body has downplayed the extent to which the body is located in and involved with nature: the countryside, the outdoors, landscape and wilderness. The book argues that bodies in nature are subject to novel, complex and contradictory opportunities of freedom and escape, surveillance and monitoring. The book guides readers through the various ways in which these bodily opportunities and constraints are temporally and spatially organized and managed.
