Sporting Pilgrimage:

Sacred Mobilities Avril Maddrell, Alan Terry, 2016-03-03 This collection draws on the Mobilities approach to look afresh at notions of the sacred where they intersect with people objects and other things on the move Consideration of a wide range of spiritual meanings and practices also sheds light on the motivations and experiences associated with particular mobilities Drawing on rich situated case studies this multi disciplinary collection discusses what mobility in the social sciences arts and humanities can tell us about movements and journeys prompted by religious more broadly spiritual and secular sacred practices and priorities Problematizing the fixity of sacred places and times as territorially and temporally bounded entities that exist in opposition to profane everyday life this collection looks at the intersection between the embodied emotional spiritual experience of places travel belief practices and communities It is this geographically informed perspective on the interleaving of religious spiritual secular notions of the sacred with the material and more than representational attributes of associated mobilities and related practices which constitutes this volume s original contribution to the field **The Sporting Scots of Nineteenth-century Canada** Gerald Redmond, 1982 This book examines the role of the Scots in the development of Canadian sport The evidence from the wide range of primary and secondary sources cited by the author proves that the Scottish contribution was significant **Sport and the English Middle Classes, 1870-1914** John Lowerson, 1993 This book examines the phenomena which explain the boom in sport among the middle classes in late Victorian England The author focuses on the extent to which sport became an agent of the development of the middle classes and an instrument of their self definition The book does not set out to explain the making of the English middle classes rather it examines a significant part of that making **The Social History of English Rowing** Neil Wigglesworth, 2013-10-31 This book seeks to redress the balance of reporting in the sport s literature which has always favoured the activities of aquatic gentlemen at the public schools Oxford and Cambridge Universities Henley Regatta and on the River Thames This study focuses on the many who helped instigate and nurture the sport but who have been forgotten due to their not being associated with the elite of the sport **Patriotic Games** S. W. Pope, 1997-02-27 In Patriotic Games historian Stephen Pope explores the ways sport was transformed from a mere amusement into a metaphor for American life Between the 1890s and the 1920s sport became the most pervasive popular cultural activity in American society During these years basketball was invented football became a mass spectator event and baseball soared to its status as the national pastime Pope demonstrates how America s sporting tradition emerged from a society fractured along class race ethnic and gender lines Institutionalized sport became a trans class mechanism for packaging power and society in preferred ways it popularized an interlocking set of cultural ideas about America s quest for national greatness Nowhere was this more evident than the intimate connection established between sport and national holiday celebrations As Pope reveals Thanksgiving sports influenced the holiday s evolution from a religious occasion to a secular one On the Fourth of July sporting events infused patriotic rituals with sentiments that

emphasized class conciliation and ethnic assimilation In a time of social tensions economic downturns and unprecedented immigration the rituals and enthusiasms of sport Pope argues became a central component in the shaping of America s national identity **Sporting Magazine** ,1795 Includes the annual Racing and steeple chase calendar Title 1792 1845 Racing calendar 1846 66 Turf register **Outing** ,1907 Sport C. M. van Stockum,1914 **Outing and the Wheelman** ,1896 *The Evolution of English Sport* Neil Wigglesworth,2013-01-11 This work uses original material from clubs and sporting organizations to illuminate the evolution of sporting activity nation wide It relates these documents to themes such as commercialism and club fortunes It concludes by discussing the outlook for English sport
