Swing Low Sweet Chariot W 34 Female Voices:

Official Song Book of the General Federation of Women's Clubs Anne Shaw Faulkner, 1921 **Now You're Talking**
Trevor Cox, 2018-09-18 A history of how humans developed our capacity for conversation and what might happen now that computers are catching up Trevor Cox has been described by The Observer as a David Attenborough of the acoustic realm In *Now You're Talking* he takes us on a journey through the wonders of human speech starting with the evolution of language and our biological capability to speak and listen and bringing us up to date with the latest computer technology Language is what makes us human and how we speak is integral to our personal identity But with the invention of sound recording and the arrival of the electrified voice human communication changed forever now advances in computer science and artificial intelligence are promising an even greater transformation And with it come the possibilities to reproduce manipulate and replicate the human voice sometimes with disturbing consequences *Now You're Talking* is the fascinating story of our ability to converse It takes us back to the core of our humanity asking important questions about what makes us human and how this uniqueness might be threatened On this illuminating tour we meet vocal coaches and record producers neuroscientists and computer programmers whose experience and research provide us with a deeper understanding of something that most of us take for granted our ability to talk and listen *Voices of Black Folk* Terri Brinegar, 2022-04-19 Recipient of a 2023 Certificate of Merit for Best Historical Research in Recorded Blues R B Gospel Hip Hop or Soul Music from the Association for Recorded Sound Collections In the late 1920s Reverend A W Nix 1880 1949 an African American Baptist minister born in Texas made fifty four commercial recordings of his sermons on phonographs in Chicago On these recordings Nix presented vocal traditions and styles long associated with the southern rural Black church as he preached about self help racial uplift thrift and Christian values As southerners like Nix fled into cities in the North to escape the rampant racism in the South they contested whether or not African American vocal styles of singing and preaching that had emerged during the slavery era were appropriate for uplifting the race Specific vocal characteristics like those on Nix's recordings were linked to the image of the Old Negro by many African American leaders who favored adopting Europeanized vocal characteristics and musical repertoires into African American churches in order to uplift the modern New Negro citizen Through interviews with family members musical analyses of the sounds on Nix's recordings and examination of historical documents and relevant scholarship Terri Brinegar argues that the development of the phonograph in the 1920s afforded preachers like Nix the opportunity to present traditional Black vocal styles of the southern Black church as modern Black voices These vocal styles also influenced musical styles The moaning voice used by Nix and other ministers was a direct connection to the blues moan employed by many blues singers including Blind Willie Lemon and Ma Rainey Both Reverend A W Nix and his brother W M Nix were an influence on the Father of Gospel Music Thomas A Dorsey The success of Nix's recorded sermons demonstrates the enduring values African Americans placed on traditional vocal practices **The New Music Review and**

Incorporating a finely honed discussion of the Black Arts Movement the poetry jazz fusion of the late 1950s and slam and spoken word performance milieus such as Def Poetry Jam she focuses on jazz and hip hop influenced performance artists including Tracie Morris Saul Williams and Jessica Care Moore Through attention to cadence rhythm and structure *The Muse is Music* fills a gap in literary scholarship by attending to issues of gender in jazz and poetry and by analyzing recordings of poets both with and without musical accompaniment Applying the methodology of textual close reading to a critical close listening of American poetry s resonant soundscape Jones s analyses include exploring the formal innovation and queer performance of Langston Hughes s recorded collaboration with jazz musicians delineating the relationship between punctuation and performance in the post soul John Coltrane poem and closely examining jazz improvisation and hip hop stylization An elaborate articulation of the connections between jazz poetry and spoken word and gender *The Muse Is Music*
