The Recordings of Andy Kirk and His Clouds of Joy George Burrows, 2019 Andy Kirk's Clouds of Joy came from Kansas City to find nationwide fame in the later 1930s. The many records they made between 1929 and 1949 came to exemplify the Kansas City style of jazz but they were also criticized for their populism and inauthenticity. In *The Recordings of Andy Kirk and his Clouds of Joy* George Burrows considers these records as representing negotiations over racialized styles between black jazz musicians and the racist music industry during a vital period of popularity and change for American jazz. The book explores the way that these reformative negotiations shaped and can be heard in the recorded music. By comparing the band's appropriation of musical styles to the manipulation of masks in black forms of blackface performance both signifying and subverting racist conceptions of black authenticity it reveals how the dynamic between black musicians their audiences and critics impacted upon jazz as a practice and conception.
