*Swirled Harvest* Andy Thomas, Sir Laurence Gardner, 2003      *The New Heretics* Andy Thomas, 2021-12-14 This is the most balanced and well reasoned investigation available into why people believe today's highly divisive conspiracy theories from COVID and QAnon to 5G scares fake news and more Through their part in some huge controversies conspiracy theorists are being branded the Number One Enemies of our times the new heretics They are seen to threaten the very fabric of modern society spreading doubts and fears that result in Washington Capitol invasions transmission mast burnings or the spread of anti vaxx material Yet the theorists prefer to call themselves truth seekers and see the mainstream establishment as the real disruptor treating its increasingly harsh censorship as direct validation of their views In truth the new heretics whose numbers are swelling are symptoms of a wider polarization splitting apart much of the world in ideological divisions Many have lost trust in politicians and the media while nuanced debate is crushed and information overload and manipulation breeds uncertainty civil unrest and mental health issues How does the age old strategy of divide and rule play out in such an environment Using his extensive experience of negotiating disputes between cynics and truth seekers Andy Thomas explores the proliferation of conspiracy thinking peeling back unhelpful layers of biased thinking on all sides to find more insightful ways to bridge the polarised divides and create a better way forward      *The Truth Agenda* Andy Thomas, 2014-12-10 The Truth Agenda explores some of the most famous unexplained mysteries and global cover ups of recent history What is the truth about UFOs pyramids religious apparitions psychic phenomena visions of the future and ancient prophecies and what is their connection to famous conspiracy theories concerning the Moon landings 9 11 the New World Order and claims that the planet is secretly run by a powerful ruling elite Leading mysteries researcher Andy Thomas pulls the many threads together in an accessible stimulating and credible overview which suggests that our world may be very different from the picture presented by the establishment The Truth Agenda shows how we can avoid control manipulations and help to create a more positive future Why do so many people believe in conspiracy theories and what is the evidence to support them What is the basis for the wide belief that we are now in a New Era of massive change and consciousness shift Why is there such huge but officially undeclared interest in paranormal phenomena from authorities and religions How does all this tie together and explain the agendas of control and surveillance in the West and what can we do
