**1910-1939** Jane Dowson, 2017-03-02 Primarily a literary history Women Modernism and British Poetry 1910 1939 provides a  
timely discussion of individual women poets who have become or are becoming well known as their works are reprinted but  
about whom little has yet been written This volume recognizes the contributions overlooked previously of such British poets  
as Anna Wickham Nancy Cunard Edith Sitwell Mina Loy Charlotte Mew May Sinclair Vita Sackville West and Sylvia  
Townsend Warner and the impact of such American poets as H D Amy Lowell Edna St Vincent Millay Marianne Moore and  
Laura Riding on literary practice in Britain This book primarily maps the poetry scene in Britain but identifies the  
significance of the network of writers between London New York and Paris It assesses women's participation in the diversity  
of modernist developments which include avant garde experiments quiet but subtly challenging formalism and assertive new  
woman voices It not only chronicles women's poetry but also their publications and involvement in running presses  
bookshops and writing criticism Although historically situated it is written from the perspective of contemporary debates  
concerning the interface of gender and modernism The author argues that a cohering aesthetic of the poetry is a denial of  
femininity through various evasions of gendered identity such as masking male and female impersonations and the rupturing  
of realist modes      *Poetry and Drama* Britannica Educational Publishing, 2011-05-01 Verse and drama have provided outlets  
for emotive expression and the creative impulse for centuries Poignant inspiring and thought provoking plays and poems  
spoken or written in any language help reinterpret reality and evoke some of humanity's most profound truths The terms  
culled in this volume describe many of the most potent elements of language those that venture beyond the realm of prose  
and invoke the power of cadence lyricism and drama to recount all aspects of the human condition      **American first**

Joanna Russ Jeanne Cortiel gives a clear introduction to the major feminist issues relevant to Russ's work and assesses its development. The book will be especially valuable for students of SF and feminist SF especially in its concern with the function of woman based intertextuality. Although Cortiel deals principally with Russ's novels she also examines her short stories and the focus on critically neglected texts is a particularly valuable feature of the study. Movement, Manifesto, Melee Milton A. Cohen, 2004-01-01 The years before World War I were a fertile period for artists in Europe and the United States who were challenging aesthetic convention in music writing and the visual arts. These early pioneers of modernism sometimes preferred to work alone but just as often they were associated with groups whose boundaries were permeable and freely changing. While these individual groups—including the Futurists, Imagists, Blue Rider and the Second Vienna School—have been thoroughly studied, scholars of the period have often neglected the formative and pervasive interactions of these groups across geographic and artistic boundaries. Providing a historical taxonomy of this influential milieu, Milton Cohen demonstrates how these groups were largely responsible for the artistic innovation and nearly all the avant garde agitation and major events of these years. With concluding appendices intended for scholars and specialists, this engagingly written book will be useful not only for classroom use and scholarly research but will appeal to anyone interested in reading a fresh approach to the history of early modernism. *Californians* Robinson Jeffers, 1916 Perforated stamp on title page indicating "Advance copy for review.
