## **Sybaritic Genius Sex Drive And Success:**

*Sybaritic Genius-Sex Drive and Success* Gene N. Landrum, 2000-11-01      **Paranoia & Power** Gene N.

Landrum, 2007-11-01 A self help work on the inhibiting inner fears that either motivate or debilitate As a pundit once said Hesitate and you are lost Why do most people hesitate Fear The fear of not being good enough or the fear that comes from thinking too much We are afraid of those things we don t understand but the true visionaries jump right into those fears and they magically disappear Fear was the fuel of the passions of Elvis In the case of director Steven Spielberg he had a deep seated fear of the dark The only time he wasn t afraid when in a theater where he escaped into the fantasy of make believe What did that have to with his accumulating two billion dollars Plenty As he told the media when he was in his twenties he would get sort of nauseous stage fright and his insecurities were the fuel for his stories With examples ranging from Judy Garland to Bob Dylan Madonna to Jack Nicholson this book shows how fear can be the catalyst for ending up in the

penthouse or the poorhouse depending on how we deal with it      **The Superman Syndrome--The Magic of Myth in The Pursuit of Power** Gene N. Landrum, 2005 The Positive Mental Moxie of Myth for Personal Growth Joseph Campbell defined a myth as a life shaping image a metaphor that creates a hero out of those who heed it Author Dr Gene Landrum takes Campbell s definition one step further by offering a variety of motivational techniques that will propel you to heroic success Dr Landrum describes the superman syndrome as a series of common behaviors that permit an otherwise average person to rise above the norm He points out that some of the world s most renowned visionaries Catherine the Great Walt Disney and Ian Fleming did not conform to tradition because they modeled their behavior on heroic ideals and mythical mentors Learn how to transform your life from ordinary to extraordinary by focusing on several key ideas Chasing money is entropic and the path to the poorhouse Happiness is a side effect of being never trying Romance only comes to those not trying to find romance Anxiety is a by product of unrealistic expectations Breakdown leads to breakthrough Being stupid is the pathway to being smart Do you have the Superman Syndrome Test yourself to find out      Entrepreneurial Genius Gene N.

Landrum, 2003-09 Professor Landrum begins with biographical overviews of a dozen of the most interesting and powerful entrepreneurs of recent vintage He identifies their unique eccentricities and then shows the personality traits that they all have in common These are the attributes that constitute the genius of the great entrepreneur To enable you to compare your personality attributes with those of the great entrepreneurs who have achieved billionaire status Professor Landrum has included in this book a self assessment exercise Book jacket      Cover Your Assets and Become Your Own Liability Gene Landrum, 2009-11-01 Sacrifice Tomorrow for Today and You ll have Destroyed Tomorrow While America was landing on the moon Japan was landing in our living room One nation focused on the conquest of space the other on the conquest of mass consumer markets Cover Your Assets delves into how an export power became an importer in three decades through self serving CYA management and discusses the need for leadership transformation to return to the days of glory The cost of a

nation s leadership adopting a take care of me now mentality is huge When they sacrifice tomorrow for today they have sold tomorrow CYA includes a self assessment on how to change personally and professionally There is a need to zap the Yes Men in our heads and understand what makes us tick Those who don t are hard pressed to understand how to manage motivate or control others We all have a need to feel good today but too much of today leads to too little tomorrow **Empowerment :**

**the Competitive Edge in Sports, Business & Life** Gene N. Landrum,2006 In Empowerment The Competitive Edge in Sports Business Life high profile personality Dr Gene Landrum presents in a self help format the 13 winning behaviors modeled by the 13 greatest athletes of the modern era Landrum s research into the lives of the great entrepreneurs and athletes supported by a growing body of evidence suggests that eminence whether in business or sports derives not from genetic superiority but from winning behaviors and learned emotional dispositions With a delightful blend of gifted story telling and intellectual scholarship Dr Landrum has created a book that melds the recent discoveries in psychology and brain research with the dramatic performances of the world s greatest athletes Charismatic athletes such as Michael Jordan Lance Armstrong Martina Navratilova and Tiger Woods are analyzed in psycho biographical profiles that focus on the underlying motivations and behaviors of these preeminent personalities rather than on what they achieved In this respect and in its connection to the recent research in brain function and psychology Dr Landrum s work is unprecedented in the extant literature on athletes and athletic technique Amazon com
