Spinning Tops and Gumdrops takes us back to childhood in colonial Australia The delight of children at play is universal but the pleasure these children experience as depicted through the book s photographs is through their imagination skill and daring rather than through possessions Children play quoits and jacks hide and seek cricket with a kerosene tin for a wicket dress ups and charades They climb trees run races and build rafts to sail on the local waterhole The photographs show children happily absorbed in the play of their own making Being a child in colonial Australia was also tough It was a time when school yard disagreements were sorted out with fists and the loss of a little claret A time when children could view public hangings and premature death was frequent especially taking the very young and vulnerable though dysentery whooping cough or diphtheria The lasting impression left by the contemporary accounts photographs etchings and paintings of colonial children in Spinning Tops and Gumdrops is their possession of qualities of resilience self sufficiency and acceptance of their lot Perhaps it was through lack of choice or of knowing no other Nevertheless these were qualities that put them in good stead for the challenges many faced in their adulthood Interestingly these are qualities on which contemporary society still places a high value but which today seem a little more elusive     **Performing Greek Comedy** Alan Hughes,2012 A new account of Greek comedy performance from its sixth century origins to New Comedy drawing upon fresh visual evidence     **Catalogue of the Natural and Industrial Products of New South Wales, Forwarded to the Paris Universal Exhibition of 1867** ,1867     **Abstract Colour Paintings** Roy Osborne,2017 Roy Osborne Abstract Colour Paintings presents an annotated survey of the author s artworks 2008 2020 An accomplished colourist colour theorist and historian his previous publications include Lights and Pigments Colour Principles for Artists Color Influencing Form A Color Coursebook Books on Colour 1495 2020 History and Bibliography and Renaissance Colour Symbolism Roy Osborne was awarded the Turner Medal of the Colour Group Great Britain in 2003 and the Colour in Art Design and Environment Medal of the International Colour Association in 2019     **Issues in Materials and Manufacturing Research: 2012 Edition** ,2013-01-10 Issues in Materials and Manufacturing Research 2012 Edition is a ScholarlyEditions eBook that delivers timely authoritative and comprehensive information about Molecular Modeling The editors have built Issues in Materials and Manufacturing Research 2012 Edition on the vast information databases of ScholarlyNews You can expect the information about Molecular Modeling in this eBook to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of Issues in Materials and Manufacturing Research 2012 Edition has been produced by the world s leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available
