Premonitions of

September 11th John Marquardt, 2002 Premonitions of September 11th is a look at the event from a metaphysical point of view Several people had seen or had premonitions about the event in one form or another some time before it actually occurred Presented are nearly two dozen premonitions from common everyday people sandwiched amongst several different philosophies on the nature of premonitions and metaphysical events in general It is time to acknowledge the reality of psychic phenomena Philosophy of Science and Occult, 1st Ed. Patrick Grim, 1983-06-30 Philosophy of Science and the Occult has two aims to introduce the philosophy of science through an examination of the occult and to examine the occult rigorously enough to raise central issues in philosophy of science Patrick Grim has compiled selections by authors with divergent views on astrology parapsychology and UFO s to emphasize topics standard to the philosophy of science He discusses issues such as confirmation and selection for testing possibility and a priori probabilities causality and time explanation and the nature of scientific laws the status of theoretical entities the problem of demarcation theory and observation and science and values A sketch of where these arise in the collection accompanies the table of contents The context of the occult serves to make the initial introduction of these issues immediately understandable and forcefully compelling Finishing the Mysteries of Gods and Symbols Seven Star Hand, 2010-09-17 Here is comprehensive proof that the symbolism of many ancient texts canons and concepts is an advanced and extremely ancient spiritual and philosophical technology that predates all extant religions and mystery schools Consequently here is proof beyond disproof that all three so called Faiths of Abraham are purposeful deceptions Accordingly related esoterica mystery schools and the New Age are rife with error caused by undue reliance upon the assertions of these religions and their leaders Throughout this book I present verifiable proof that ancient sages and prophets opposed religion and wisely never trusted religious leaders As comprehensive validation of this they redundantly encoded stunning proof of why throughout pivotal symbolic narratives and related concepts The ancient sages and prophets hid vital secrets from religious leaders throughout the previous several millennia When these decoded details are compared to the history words and deeds of these religions and their leaders they finally prove the truth about many long hidden things These religions have always purposely imposed ignorance based on the deceptive recasting of earlier symbolic concepts and narratives that also expertly encoded the keys to ancient wisdom as redundant proofs of the truth Arrogant religious leaders while hypocritically lecturing others about morality have long overlooked that the ancient sages and prophets were painfully aware of their then current and future misdeeds and deceptions and patiently and expertly prepared for them **"Astrology for All" Series** ,1917 Reference Catalogue of Current Literature ,1920 **The Dawning of the Golden Age of Aquarius** Albert Amao Ph. D., 2012 We are at the threshold of a transitional period from the Age of Pisces to the Age of Aquarius What should we expect from this coming New Era What are its signs What is the fate of human spirituality What will the new concepts of God and of religion be This book attempts to answer these questions based on well researched sources complemented and endorsed by cosmology archeology

psychology religion Near East studies and mythology among other scientific disciplines The book also intends to clarify the confusion created by some Protestant religious leaders and sensationalistic writers who have misinterpreted the signs of the transitional period as the end of the world The truth is that we are witnessing a shift of ages that is the slow evolution from the Piscean Era to the commencing of a new worldwide social order a new chapter in human history called the Aquarian dispensation The huge conspiracy propounded by false prophets and some New Age writers whether overtly or covertly feeds the fear and anxiety of ordinary people with unfounded apocalyptic propaganda This book attempts to give the reader an accurate perspective regarding the planetary transformations that are taking place it offers hope and inspiration as we approach the Golden Age Astrology's Hidden Aspects Dusty Bunker, 2018-11-15 Discover astrological quintiles and sesquiquintiles as detailed by renowned astrologer Dusty Bunker Presented for the first time full interpretations of the astrological quintiles and the sesquiquintiles using the ten traditional planets and the Ascendant In this groundbreaking book astrologer Dusty Bunker reveals the importance of the 72 quintile and the 108 sesquiquintile two previously ignored astrological aspects which the Egyptians called the sacred golden bowls With information gathered over thirty years through studying esoteric numbers sacred geometry Masonic manuscripts religious texts Egyptian symbols and much more Dusty shows why these aspects should be considered among the most important in the lexicon of astrologers because they reveal your hidden talents and your legacy your path to fame With a dusty map in hand travel from the cosmic birth of the quintiles and the sesquiquintiles to the sand covered site where these golden bowl aspects have remained hidden all these years This important reference book should be part of every astrologer's library
