Clement, Annick Houzé, Christiane Erbolato-Ramsey, 2004-06-30 Paul Gauguin 1848 1903 played a seminal role in Post Impressionist France In his writings and work he favored emotional responses to nature over intellectual uses of lines color and composition In 1888 he and Emile Bernard developed a new style called Synthetism Three groups of Gauguin s symbolist followers Pont Aven Les Nabis and Rose Croix pursued and extended the Synthetist vision This sourcebook focuses on the most prominent adherents of the three schools directly affected by Gauguin s symbolism This is the first comprehensive single volume guide and bibliography of artists in these three important French avant garde movements This work covers the entire careers of 16 artists by providing biographical sketches chronologies citations to primary and secondary literature and exhibitions **The Routledge Companion to Music and Visual Culture** Tim Shephard, Anne Leonard, 2013-07-31 As a coherent field of research the field of music and visual culture has seen rapid growth in recent years The Routledge Companion to Music and Visual Culture serves as the first comprehensive reference on the intersection between these two areas of study an ideal introduction for those coming to the field for the first time as well as a useful source of information for seasoned researchers This collection of over forty entries from musicologists and art historians from the US and UK delineate the key concepts in the field in five parts Starting Points Methodologies Reciprocity the musical in visual culture and the visual in musical culture Convergence in metaphor in conception and in practice Hybrid Arts This reference work speaks to the important questions concerning this burgeoning field of research what are the established approaches to studying musical and visual cultures side by side What have been the major points of contact between these two areas and what kind of questions can this interdisciplinary research address moving forward The Routledge Companion to Music and Visual Culture is an indispensable guide for anyone interested in the field of music and visual culture **Tony Fomison** Mark Forman, 2025-03-13 he wanted to make room at the back of our heads From the introduction by the author In a career spanning three decades Tony Fomison 1939 activist archaeologist and scholar trickster addict and disrupter and above all else an artist who shed light on the human condition and reimagined life in Aotearoa In this compelling biography developed over more than a decade Mark Forman draws on archival material and interviews with more than 150 people including Fomison s family and close friends leading contemporary artists political activists and art professionals The result is a comprehensive yet lively and accessible biography that reveals the man and his art to a new generation of readers **Conceiving the City** Nicholas Freeman, 2007-09-20 Conceiving the City is an innovative study of the ways in which a generation of late Victorian novelists poets painters and theoreticians attempted to represent London in literature and art

Breaking away from the language and style of Dickens and the static panorama paintings of William Powell Frith major figures such as Henry James and J M Whistler and crucially less celebrated authors such as Arthur Machen Edwin Pugh and George Egerton bent realism into exciting new shapes In the naturalism of George Gissing and Arthur Morrison the fragmentary impressions of Ford Madox Ford and the brooding mystery of Alvin Langdon Coburn s photogravures London emerged as a focus for dynamic explicitly modern art Although many of these insights would be dismissed or at least downplayed by subsequent generations the ideas evolved during the period from 1870 to 1914 anticipate not only the work of high modernists such as Eliot and Woolf but also that of later urban theorists such as Foucault and de Certeau and the novels and travelogues of contemporary London writers Peter Ackroyd and Iain Sinclair Nicholas Freeman recovers a sense of late Victorian London as a subject for dynamic theoretical and aesthetic experiments and shows in stimulating analyses of Conan Doyle H G Wells Arthur Symons and others how much of our understanding of urban space we owe to eminent and not so eminent Victorian figures Written in a clear and accessible style the book restores a much needed historical perspective to our engagement with the metropolis **Patrick Geddes's Intellectual Origins** Murdo Macdonald,2020-02-03 No detailed description available for Patrick Geddes s Intellectual Origins **Four French Symbolists** Russell T. Clement,1996 The first comprehensive scholarly sourcebook research guide bibliography on the major French Symbolist painters this work includes nearly 3 000 entries covering a variety of materials Each artist receives a primary and secondary bibliography with many annotated entries Art works personal names and subject indexes facilitate easy access The volume is designed for art historians art students museum and gallery curators and others interested in this major art style of the last half of the 19th century and the first quarter of the 20th century Art museums and art libraries in both the United States and abroad were gleaned for sources This is a unique and substantial research tool Symbolism is one of the most difficult art movements to define Its primary meaning is the representation of things by symbols by the imaginative suggestion of dreams and the subconscious through symbolic allusion and luxuriant decoration The writings of Charles Baudelaire on the arts powerfully influenced the aesthetic theories of Symbolist artists and critics from 1860 1900 much as Baudelaire s poetics were the root of Symbolist literature The Symbolist work be it painting or poem is above all personal and revelatory precious not commonplace reflecting and evoking a journey of the imagination French Symbolist artists explored this style attitude and atmosphere from the 1880s to the early twentieth century This sourcebook organizes biographical historical and critical information on four major French Symbolist artists Pierre Puvis de Chavannes 1824 98 Gustave Moreau 1826 98 Odilon Redon 1840 1916 and Maurice Denis 1870 1943 The first three artists are recognized as originators of the movement Denis is regarded as Symbolist s foremost theorist and profoundly religious practitioner Although all four artists have been the focus of major retrospective exhibitions since 1990 no comprehensive sourcebook bibliography exists *Austin Osman Spare* Phil Baker,2014 Austin Osman Spare is the definitive biography of the controversial occultist and artist an enfant

terrible of the Edwardian art world whose work was both hailed as genius and decried as immoral decadence As George Bernard Shaw reportedly said Spare s medicine is too strong for the average man Trained as a draughtsman Spare enjoyed early acclaim when at the age of seventeen his work was shown at the Royal Academy in London But his star soon declined Spare went underground falling out of the gallery system to live in poverty and obscurity After a brief association with Aleister Crowley he became absorbed in occultism and sorcery voyaging into inner dimensions while developing his own magical philosophy of pleasure obsession and the subjective nature of reality All the while Spare continued to produce extraordinary art and held his exhibitions outside of the conventional art world in London pubs Today Spare is both forgotten and famous a cult figure whose modest life has been much mythologised since his death the world s largest Spare collection is held by Jimmy Page of Led Zeppelin Biographer Phil Baker separates fact from myth providing wide ranging insights into Spare s art and mind reconnecting him with the art community that ignored him and exploring the rich tapestry of the culture that surrounded him interweaving the birth of psychoanalysis the historiography of the occult and the British class system This richly readable and illuminating biography containing 50 black and white and 8 color photographs of Spare s art takes us deep into the strange inner world of this enigmatic artist

Beyond the Glitter Rosemary C. LoDato,1999 The influence of the plastic arts especially painting and sculpture upon the Hispanic literary movement known as Modernismo is well documented Although numerous studies have referred to gems Beyond the Glitter focuses upon the significance of gems and jewels in elaborating Modernismo s complex aesthetics The role of gems and jewelry is discussed in the poetics of three prominent Modernista writers Ruben Dario Ramon del Valle Inclan and Jose Asuncion Silva The conclusion underscores how the rich and varied symbolism associated with jewelry and precious gems enriched the poetics of Modernista writers because it enabled them to articulate their quest for ideal beauty expressive of a sublime state of mind and spirit

Victorian Christianity at the Fin de Siècle Frances Knight,2015-10-23 The period known as the fin de siecle defined in this groundbreaking book as

chiefly the period between 1885 and 1901 was a fluid and unsettling epoch of optimism and pessimism endings and beginnings as well as of new forms of creativity and anxiety The end of the century has attracted much interest from scholars of literary and cultural studies who regard it as a critical moment in the history of their disciplines but it has been relatively ignored by religious historians Frances Knight here sets right that neglect She shows how late Victorian society often said to be one of the most intensely Christian cultures the world has ever seen reacted to the bold agendas being set by the thinkers of the fin de siècle and how prominent Church figures during the era first identified many of the concerns that have preoccupied Christians latterly These include an active interest in social justice and the creation of new types of communities increasingly open discussion of the sexual exploitation of children debates about society's decadence new ideas about the role of women and the belief in the redemptive powers of art pioneered by figures as diverse as P T Forsyth Percy Dearmer and Samuel and Henrietta Barnett Examining in particular the Christian world of fin de siècle London the author offers penetrating insights into a society in which the ritual and culture of Christianity sometimes permeated the aesthetic movement and where devotees of the aesthetic movement like Walter Pater Oscar Wilde and their disciples often revealed a fascination with Christianity She argues that the long 1890s was a decisive decade in which various sections of Christian opinion both on the progressive and the more conservative wings of the faith began to express views which set the tone for attitudes which would become commonplace in the twentieth century Victorian Christianity at the Fin de Siècle is the focussed treatment of religion and culture at the end of the nineteenth century that the field has long needed It will be welcomed by scholars of church history social and cultural history and the history of ideas **Books in Print** ,1993-09 V 1 Authors A D v 2 Authors E K v 3 Authors L R v 4 S Z v 5 Titles A D v 6 Titles E K v 7 Titles L Q v 8 Titles R Z v 9 Out of print out of stock indefinitely v 10 Publishers Subject Catalog, 1981 Library of Congress,1981 *National union catalog, 1978* Library of Congress,1978 *Pre-Raphaelitism and Medievalism in the Arts* Liana Cheney,1992 This volume presents an interdisciplinary view of the interpretation of Pre Raphaelite art and literature The current intensifying interest in the relationship between the visual arts and narrative and their critical interpretation justifies a look at the earliest use of such orientation in the works of the Pre Raphaelite Brotherhood and its followers Particularly in the work of Rossetti Hunt Millais and Burne Jones one can see at work the Pre Raphaelist invention of a personal symbolic language The same holds true for their literary counterparts particularly Tennyson Francis Thompson and Swinburne The contributors essays cover the various methodologies of art history and literature as well as artistic and literary criticisms The main focus is the assimilation of the medieval tradition as well as the interpretation of it With many illustrations **National Union Catalog, 1981** ,1982
