Symbols Of Change Urban Transition In A Zambian Community:

Symbols of Change Bennetta Jules-Rosette,1981 Based on a four year longitudinal study of urban adaptation in Lusaka Zambia this book offers both a theoretical analysis and a case study of African urbanization as a social process The author s unique approach to this topic lies in her exploration of city life adjustment through the subjective perception of the new urbanites themselves The book contains the original interview material and numerous photos of the extensive fieldwork

Symbols of Change B. Jules-Rosette,197? Zambia Marcia Burdette,2021-12-12 This accessible case study offers a fully rounded picture of Zambia s course since independence chronicling the periods of boom and decline after the fall in the price of copper around the mid 1970s The author advocates an internally oriented economic strategy to retain industries and livelihoods and investigates the ability of the current leadership to achieve this *Symbols of Change* Bennetta

scholars from all the social sciences *Historical Dictionary of Zambia* Bizeck Jube Phiri,Thokozile Shaba,2023-08-15

Zambia is a nation with a long record of peace that has enjoyed decades of constitutional rule and even in recent years an increasingly competitive democracy Peace constitutionalism democracy and nationhood face constant challenges such as in the elections of 2006 when the ugly language of ethnic confrontation found renewed currency Moreover Zambia s economic record and prospects are less equivocal after over four decades per capita incomes are lower than they were at the dawn of independence Historical Dictionary of Zambia Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 000 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Zambia *The Ethnomethodological Movement* Pierce J. Flynn,2011-06-01 No detailed description available for The Ethnomethodological Movement *Changing Food Habits* Carola Lentz,2013-10-28 First published in 1999 This book examines process of change in African South African and European countries by analysing the ways in which food is an integral part of ongoing ecological economic political and social transformations It also provides research on dietary changes from direct intervention by people and agencies The majority of these fascinating case studies are based on original fieldwork they are quite diverse as are the nature and scope of changes considered The authors discuss rural as well as urban modes of food consumption dietary changes in different societal contexts and food based rituals The cases presented suggest alternative readings of some established models of changing food habits and contribute to a more comprehensive history of dietary transformations **The African City** Bill Freund,2007-03-05 Publisher description **Canciones populares y literatura de África Oriental** Aaron Louis Rosenberg,2013 Este estudio es un replanteamiento de la relación entre canciones y literatura en frica oriental Se examinan en términos comparativos las obras literarias y musicales de esta parte del continente con el fin de determinar y describir los caminos a partir de los cuales tales formas de la expresión creativa reflejan y transforman caminos prevalecientes y medios de formación de identidad de las personas cuyas vidas se extienden a través de varias fronteras y que desarrollan sentidos superculturales de sí mismos El autor se basa en una extensa investigación de campo así como en una multitud de entrevistas La lectura atenta de las canciones y la literatura hace de este libro un estudio convincente para estudiantes de música y literatura africanas y el análisis de las identidades africanas puede ser realmente para los estudiosos del nacionalismo tanto en frica como en el mundo **A Historical Introduction to the Study of New Religious Movements** W. Michael Ashcraft,2018-02-02 The American public s perception of New Religious Movements NRMs as fundamentally harmful cults stems from the anticult movement of the 1970s which gave a sometimes hysterical and often distorted image of NRMs to the media At the same time academics pioneered a new field studying these same NRMs from sociological and historical perspectives They offered an interpretation that ran counter to that of the anticult movement For these scholars in the new

field of NRM studies NRMs were legitimate religions deserving of those freedoms granted to established religions Those scholars in NRM studies continued to evolve methods and theories to study NRMs This book tells their story Each chapter begins with a biography of a key person involved in studying NRMs The narrative unfolds chronologically beginning with late nineteenth and early twentieth century perceptions of religions alternative to the mainstream Then the focus shifts to those early efforts in the 1960s and 1970s to comprehend the growing phenomena of cults or NRMs using the tools of academic disciplines The book s midpoint is a chapter that looks closely at the scholarship of the anticult movement and from there moves forward in time to the present highlighting themes in the study of NRMs like violence gender and reflexive ethnography No other book has used the scholars of NRMs as the focus for a study in this way The material in this volume is therefore a fascinating viewpoint from which to explore the origins of this vibrant academic community as well as analyse the practice of Religious Studies more generally Body and Affect in the Intercultural Encounter Devisch, Rene,2017-01-17

The volume draws from Ren Devisch s encounters with groups in southsaharan Africa primarily The author had the privilege to immerse himself around the clock in the Yakaphones activities and thoughts in southwest DR Congo from 1972 to 1974 and intermittently in Kinshasa s shanty towns from 1986 to 2003 The author first examines what sparked his choice to come to Congo and then to pursue research among the Yakaphones in the borderland with Angola He then invites us to follow the trajectory of his plural anthropological view on today s multicentric world It leads us to his praise for honorary doctor Jean Marc Ela s work He then examines the proletarian outbursts of violence that rocked Congo s major cities in 1991 and 1993 These can be read as a settling of scores with the disillusioning colonial and missionary modernisation along with president Mobutu s millenarian Popular Movement of the Revolution Furthermore after considering the morose reduction of a major Yaka dancing mask into a mere museum bound curio in Antwerp the book unravels the Yakaphones perspectives on spirits and sorcery s threat It also analyses their commitment to classical Bantu African healing cults along with their parallel consulting physicians and healers By sharing the Yakaphones life world the analysis highlights their body group world weave interlaced by the principle of co resonance A phenomenological and perspectivist look unfolds the local actors views thereby disclosing the Bantu African genius and setting for a major reversal of perspectives Indeed seeing here from there allows the author to uncover some alienating dynamics at work in his native Belgian Flemish speaking culture To better grasp the realm of life beyond the speakable and factual reasoning the approach occasionally turns to the later Lacan s focus on the unconscious desire the body and its affects The book addresses students and researchers in the humanities and more broadly all those immersed in the heat of the encounter with the culturally different **The Work History** Karen Tranberg

Hansen,1987 African Feminism Gwendolyn Mikell,2010-08-03 African feminism this landmark volume demonstrates differs radically from the Western forms of feminism with which we have become familiar since the 1960s African feminists are not by and large concerned with issues such as female control over reproduction or variation and choice within human

sexuality nor with debates about essentialism the female body or the discourse of patriarchy The feminism that is slowly emerging in Africa is distinctly heterosexual pronatal and concerned with bread butter and power issues Contributors present case studies of ten African states demonstrating that as they fight for access to land for the right to own property for control of food distribution for living wages and safe working conditions for health care and for election reform African women are creating a powerful and specifically African feminism The Bush Burnt, the Stones Remain Thera Rasing,2002 Interpretation of female initiation rites among Christian women in contemporary urban Zambia These rites are examined in the context of socio economic changes The emphasis is on ethnographic data gathered in the field The New Religions of Africa Bennetta Jules-Rosette,1979 This volume is an important and original collection of firsthand field reports and essays on contemporary African cults and churches Using comprehensive ethnographic information this volume focuses on the importance of religion as an agent and symbol of social change in emerging African nations and the changing roles of gender in African society **Distant Companions** Karen Tranberg Hansen,2018-03-15 Distant Companions tells the fascinating story of the lives and times of domestic servants and their employers in Zambia from the beginning of white settlement during the colonial period until after independence Emphasizing the interactive nature of relationships of domination the book is useful for readers who seek to understand the dynamics of domestic service in a variety of settings In order to examine the servant employer relationship within the context of larger political and economic processes Karen Tranberg Hansen employs an unusual combination of methods including analysis of historical documents travelogues memoirs literature and life histories as well as anthropological fieldwork survey research and participant observation Terminal Signs Bennetta Jules-Rosette,2011-05-02 No detailed description available for Terminal Signs Expectations of Modernity James Ferguson,1999 Zambia s economic boom in the 1960s and 1970s was fueled by the export of copper and other primary materials Since the 1970s the urban economy has decreased This volume explores the social and cultural responses to this prolonged period of sharp economic decline
