Concert Life in London from Mozart to Haydn Simon McVeigh, 2006-11-02 During the second half of the eighteenth century the pace of London s concert life quickened dramatically reflecting both the prosperity and the commercial vitality of the capital The most significant development was the establishment of the public concert within the social and cultural life of fashionable society The subscription concerts that premiered symphonies by J C Bach and Haydn were conspicuous symbols of luxury even though they were promoted on broadly commercial lines Drawing on hitherto untapped archival sources and a comprehensive study of daily newspapers this book analyses audiences at

venues as diverse as the Hanover Square Rooms Vauxhall Gardens and City taverns The musical taste of the London public is investigated in the light of contemporary theories of aesthetics and there is detailed discussion of the financial and practical aspects of concert management and performance in a period that encouraged enterprise and innovation **Black's**

its 1958 New York premiere to a no less disastrous European premiere later the same year They also highlight the importance of the piano soloist who premiered the piece David Tudor and its use alongside choreographer Merce Cunningham's *Antic Meet* A careful examination of an apparently bewildering piece the book explores the critical response to the Concert's performances re-interrogates the mythology surrounding it and finally turns to the music itself in all its component parts to see what it truly asks of performers and listeners **The Gramophone Classical Catalogue** ,1996-06
