Symphony, D minor César Franck, 1927 Comments on César Franck Sigfrid Prager, 194? *Symphony in D minor* César Franck, 1970 **May Festival of the University of Michigan** University of Michigan. University Musical Society, 1913 Symphony in D minor César Franck, 1928 The Strad, 1890 **The Complete Idiot's Guide to Music History** Michael Miller, 2008-07-01 A beautifully composed journey through music history Music history is a required course for all music students Unfortunately the typical music history book is dry and academic focusing on rote memorization of important composers and works This leads many to think that the topic is boring but bestselling author Michael Miller proves that isn t so This guide makes music history interesting and fun for both music students and older music lovers Covers more than Western classical music also includes non Western music and uniquely American forms such as jazz More than just names and dates puts musical developments in context with key historical events *Gustav Mahler* Donald Mitchell, 1980-01-01 Donald Mitchell s second book on the life and work of Gustav Mahler focuses principally on Mahler s first settings of Wunderhorn texts volumes I and II of the Lieder und Gesaenge his first song cycle the Lieder eines fahrenden Gesellen the later orchestral settings of Wunderhorn poems The central section of the book explores the extraordinary and often eccentric chronology of the First Second and Third Symphonies composition an often minute exploration which reveals the interpenetration of song and symphony in this period of Mahler s art emphasizes the significance for these works of imagery drawn from the Wunderhorn anthology and calls attention to the ambiguous position occupied by much of Mahler s music at this time suspended as it was between the rival claims and forms of symphony and symphonic poem The final section of the book not only looks at the Fourth Symphony as the final perhaps most perfect flowering of Mahler s Wunderhorn symphonies but also investigates such fascinating topics as the relationship between Mahler and Berlioz Mahler s addiction to the E flat clarinet and the influence of Bach on Mahler s later masterpieces *Anton Bruckner* Lee T. Lovullo, 1991 This discography a finalist in ARSC s 1992 Awards for Excellence represents a broad and accurate document of the availability of Bruckner s music on records tapes and compact discs over the last forty years An indexed list of writers of liner notes recognizes the important criticism of many prominent scholars and a chronology documents trends in the proliferation of recorded performances Daniels' Orchestral Music David Daniels, David W.
