Networking the Russian Diaspora Hon-Lun Helan Yang, Simo Mikkonen, John Winzenburg, 2020-09-30

Networking the Russian Diaspora is a fascinating and timely study of interwar Shanghai Aside from the vacated Orthodox Church in the former French Concession where most Russian migrants resided Shanghai today displays few signs of the bustling settlement of those years Russian musicians established the first opera company in China as well as choirs bands and ensembles to play for their own and other communities Russian musicians were the core of Shanghai's lauded Municipal Orchestra and taught at China's first conservatory Two Russian migrant composers in particular Alexander Tcherepnin and Aaron Avshalomov experimented with incorporating Chinese elements into their compositions as harbingers of intercultural music that has become a well recognized trend in composition since the late twentieth century The Russian musical scene in Shanghai was the embodiment of musical cosmopolitanism anticipating the hybrid nature of twenty first century music

arising from cultural contacts through migration globalization and technological advancement As a pioneering study of the Russian community **Networking the Russian Diaspora** examines its musical activities and influence in Shanghai While the focus of the book is on music it also gives insight into the social dynamics between Russians and other Europeans on the one hand and with the Chinese on the other The volume coauthored by Chinese music specialists makes a significant contribution to studies of diaspora cultural identity and migration by casting light on a little studied area of Sino Russian cultural relations and Russian influence in modern China The discoveries stretch the boundaries of music studies by addressing the relational aspects of Western music how it has articulated national and cultural identities but also served to connect people of different origins and cultural backgrounds **Symphonies of Brahms and Tchaikovsky** Johannes Brahms, Peter Ilyich Tchaikovsky, A collection of symphonies by Brahms and Tchaikovsky for full Orchestra Arthur Nikisch Roger Allen, 2025-04-15

Considers Nikisch as a primary link between the later nineteenth century performance practice and the twentieth century fetishisation of the superstar conductor as a commercially driven phenomenon The Hungarian born conductor Arthur Nikisch 1855 1922 was among the first of the new breed of virtuoso conductors who came to prominence in the immediate aftermath of Wagner As a youthful violinist in the Vienna Court Orchestra he played under Wagner Verdi and Brahms in 1895 he reached the pinnacle of German musical life as Chief Conductor of the Leipzig Gewandhaus and Berlin Philharmonic Orchestras His career was however by no means confined to Austro German lands He spent four seasons in the USA as Director of the Boston Symphony Orchestra and travelled regularly to conduct in Imperial Russia His visits to Britain had a significant impact on London's concert life through his associations with the newly opened Queen's Hall the fledgling London Symphony Orchestra Covent Garden Opera House and even as piano accompanist at the Bechstein later Wigmore Hall He was also a fervent champion of the music of non Austro German composers such as the Russian Pyotr Ilyich Tchaikovsky and the Englishman Edward Elgar This book considers Nikisch's role and influence as a leading musical executant within the declining Habsburg monarchy and the ascendant German Empire It also examines how the newly established phenomenon of the virtuoso conductor reached across international boundaries at a time when hardening ideologies and shifting political allegiances were leading towards the disintegration of the old Europe in the carnage of the First World War It considers Nikisch as a primary link between the later nineteenth century performance practice and aesthetics of Wagner and the twentieth century phenomenon of the all powerful superstar conductor who came to surpass even the composer in importance **Prometheus in Music** Paul Bertagnoli, 2017-07-05 The ancient Greek myth of Prometheus the primordial Titan who defied the Olympian gods by stealing fire from the heavens as a gift for humanity enjoyed unprecedented popularity during the Romantic era An international coterie of writers such as Goethe Monti Byron the Shelleys Sainte H ne Coleridge Browning and Bridges engaged with the legend while composers such as Beethoven Reichardt Schubert Wolf Liszt Hal Saint Sa Holm Faur Parry Goldmark and Bargiel based works of diverse genres on the fable Romantic authors and

composers developed a unique perspective on the myth emphasizing its themes of rebellion punishment for transgression and creative autonomy in great contrast to artists of the preceding era who more characteristically ignored the tribulations of Prometheus and depicted him as the animator of a na Arcadian mankind who when awakened from their spiritual dormancy expressed astonishment at the wonders of nature and paid homage to the Titan as a new god Paul Bertagnolli charts the progress of the myth during the nineteenth century as it articulates an extraordinary variety of issues pertaining to culture society aesthetics and philosophy Drawing on archival research dance history sketch studies literary theory linear analysis topos theory and reception history individual chapters demonstrate that the legend served as a vehicle to express opinions on subjects as diverse as aristocratic patronage movements of the body on the public stage rebellion against political and religious authority outright atheism humanitarianism of the German Enlightenment interest in the music of Greek antiquity industrialization nationalism inflamed by war populism and the aesthetics of musical form Composers often resorted to varied and unorthodox musical techniques in order to reflect such remarkable subjects Beethoven outraged critics by implying a key other than the tonic at the outset of the overture to
