**The Bulletin of the Brooklyn Institute of Arts and Sciences ...** Brooklyn Institute of Arts and Sciences, 1919      **The Essential Canon of Classical Music** David Dubal, 2003-10-24. An entertaining and informative comprehensive guide to 240 classical composers and their music from the medieval era to the modern age. Library Journal. Music according to Aaron Copland can thrive only if there are gifted listeners. But today's listeners must choose between classical and rock, opera and rap, and the choices can seem overwhelming at times. In *The Essential Canon of Classical Music* David Dubal comes to the aid of the struggling listener and provides a cultural literacy handbook for classical music. Dubal identifies the 240 composers whose works are most important to an understanding of classical music and offers a comprehensive chronological guide to their lives and works. He has searched beyond the traditional canon to introduce readers to little known works by some of the most revered names in classical music: Bach, Haydn, Mozart, Schubert, as well as to the major works of lesser known composers. In a spirited and opinionated voice, Dubal seeks to rid us of the notion of masterpieces and instead to foster a new generation of master listeners. The result is an uncommon collection of the wonders classical music has to offer.      **School of Music Programs** University of Michigan. School of Music, 1995
