This much updated edition of a ground breaking book expands the broad coverage of its stimulating approach With forty five new photographs and accompanying essays it convincingly demonstrates the complexity of the Jewish past in Polish Galicia and the attempts to memorialize its heritage as well as the unexpected revival of Jewish life **Building a Public Judaism** Saskia Coenen Snyder,2013-01-08 Coenen Snyder considers what the architecture and construction of nineteenth century European synagogues reveal about the social progress of modern European Jews The process of claiming a Jewish space was a marker of acculturation but not full acceptance she argues The new edifices even if spectacular revealed the limits of Jewish integration **Reader's Guide to Judaism** Michael Terry,2013-12-02 The Reader s Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly **New Sacred Architecture** Phyllis Richardson,2004 This timely book reflects an awakening of interest in religious faiths and the emergence of a global exchange of architecture and culture While Spain s Rafael Moneo has recently completed a cathedral in Los Angeles Britain s Thomas Heatherwick is designing a Buddhist temple in Japan John Pawson is working on a Cistercian monastery in the Czech Republic and Richard Meier has completed his Jubilee Church in Rome It seems as one Wallpaper registered pundit commented religion is getting a redesign and the architect s faith is as unimportant as his or her nationality I Looking at ways in which contemporary architects are approaching religious or meditative space this book focuses on churches chapels temples synagogues and mosques that have been built in the last few years and that represent a late twentieth early twenty first century aesthetic **Intersections between Jews and Media** Maya Balakirsky Katz,2020-03-23 In this volume the relationship between Jews and media is not only vividly illustrated but it is consciously drawn into the formation of modern Jewish history and modern media Maya Balakirsky Katz addresses key Jewish media intersections in which Jews and mass media implicated or were implicated by one another In this study Katz discusses the relationship that Jews have had with mass media forms of print film photography advertising and postcards within the periods that these media have gained cultural ascendancy These historical moments are tethered to a broader conversation addressing the major theoretical issues at the center of the discourse on Jews and media Bearing this mutually constructive relationship in mind **Intersections between Jews and Media** offers both a tangible demographic portrait of the real Jews who entered mass media and lays a theoretical and methodological framework for more qualitative analyses **Nationalism and Architecture** Darren Deane,Sarah Butler,2016-12-05 Unlike regionalism in architecture which has been widely discussed in recent years nationalism in architecture has not been so well explored and understood However the most powerful collective representation of a nation is through its architecture and how that architecture engages the global arena

by expressing defining and sometimes negating a sense of nation in order to participate in the international world Bringing together case studies from Europe North and South America the Middle East Africa Asia and Australia this book provides a truly global exploration of the relationship between architecture and nationalism via the themes of regionalism and representation various national building projects ethnic and trans national expression national identities and histories of nationalist architecture and the philosophies and sociological studies of nationalism It argues that nationalism needs to be trans national as a notion to be critically understood and the geographical scope of the proposed volume reflects the continuing relevance of the topic within current architectural scholarship as an overarching notion The interdisciplinary essays are coherently grouped together in three thematic sections Revisiting Nationalism Interpreting Nationalism and Questioning Nationalism These chapters offer vignettes of the protean appearances of nationalism across nations and offer a basis of developing wider knowledge and critically situated understanding of the question beyond a singular nation s limited bounds

Jewish Cultural Studies Simon J. Bronner, 2021-05-04 Defines the distinctive field of Jewish cultural studies and its basis in folkloristic psychological and ethnological approaches Jewish Cultural Studies charts the contours and boundaries of Jewish cultural studies and the issues of Jewish culture that make it so intriguing and necessary not only for Jews but also for students of identity ethnicity and diversity generally In addition to framing the distinguishing features of Jewish culture and the ways it has been studied and often misrepresented and maligned Simon J Bronner presents several case studies using ethnography folkloristic interpretation and rhetorical analysis Bronner building on many years of global cultural exploration locates patterns processes frames and themes of events and actions identified as Jewish to discern what makes them appear Jewish and why Jewish Cultural Studies is divided into three parts Part 1 deals with the conceptualization of how Jews in complex heterogenous societies identify themselves as a cultural group to non Jews and vice versa such as how the Jewish home is socially and materially constructed Part 2 delves into ritualization as a strategic Jewish practice for perpetuating peoplehood and the values that it suggests for example the rising popularity of naming ceremonies for newborn girls simhat bat or zeved habat in the twenty first century Part 3 explores narration including the global transformation of Jewish joking in online settings and the role of Jews in American political culture Bronner reflects that a reason to separate Jewish cultural studies from the fields of Jewish studies and cultural studies is the distinctiveness of Jewish culture among other ethnic experiences As a diasporic group with religious ties and varying local customs Jews present difficulties of categorization He

encourages a multiperspectival approach that considers the Jewish double consciousness as being aware of both insider and outsider perspectives participation in ancient tradition and recent modernization and the great variety and stigmatization of Jewish experience and cultural expression Students and scholars in Jewish studies cultural studies ethnic religious studies folklore sociology psychology and ethnology are the intended audience for this book **Jews, Christians, Muslims** John Corrigan, Frederick Denny, Martin S Jaffee, Carlos Eire, 2016-01-08 Thematic examination of monotheistic religions The second edition of Jews Christians Muslims A Comparative Introduction to Monotheistic Religions compares Judaism Christianity and Islam using seven common themes which are equally relevant to each tradition Provoking critical thinking this text addresses the cultural framework of religious meanings and explores the similarities and differences among Judaism Christianity and Islam as it explains the ongoing process of interpretation in each religion The book is designed for courses in Western and World Religions Historical Dictionary of Judaism Norman Solomon, 2024-10-15 What we now call Judaism is the religion of the rabbis it is rooted in scripture the Hebrew Scriptures but it is not to be identified with Old Testament theology Judaism in its many manifestations has continued to evolve rereading its ancient texts and extracting new meaning while addressing contemporary issues such as the status of women and attitudes to sexual orientation History or rather our perception of it has changed substantially Previously unknown documents and artefacts have surfaced while scholars have proposed far reaching changes to the way we read and evaluate ancient texts Nowadays we have a more nuanced understanding of how to evaluate statements in the Talmud and other rabbinic writings and we are better able to contextualize them not only in Greco Roman antiquity but also in the Sasanian environment in which the Babylonian Talmud was formed Historical Dictionary of Judaism Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 800 cross referenced entries on on important personalities in Jewish religious history including biblical personalities with an emphasis on how they are understood in Jewish Christian and Islamic tradition This book is an excellent access point for students researchers and anyone wanting to know more about Judaism
