Synopsis

After bitter months of introspection in the aftermath of his wife's death from cancer, SIMON BENSON (40s) wades back into his former life and social network. To mark the event, he invites over two families to his home for a Sunday dinner party.

At the party, his only child (Jenna, 7) suffers a critical head injury and he and his guests are left in a state of panic until DARREN (late 20s), a talented and brash paramedic, arrives to stabilize her. Darren responds to the call in time because he is able to conquer his sexual drive and resist the advances of a seductive girl feigning to be in need of emergency medical care. Relegated to the sidelines once Darren arrives, Simon initially sinks inside himself and reflects on life before his wife's illness and on the vital role his daughter has played in giving him a renewed sense of purpose. He prays for her survival, fearing that he will otherwise be irretrievably lost.

As Darren rushes Jenna to the hospital, his ambulance is blindsided by ROBBIE (early 20s), a medical student speeding away from his house. Robbie has gone into a rage after discovering that his father (IRWIN, 50s) has burned his books, a tactic to prevent him from taking leave of school to pursue his religious aspirations.

The novel reaches a climax as Jenna is wheeled into the operating room and Irwin, a pediatric neurosurgeon, must save her, not only for Simon's sake, but for his son Robbie's sake as well.

Simon struggles to locate the patches of meaning in his life throughout the story and ultimately readies himself to accept even the worst of news. When Irwin informs him that Jenna will pull through, he uses the state of equanimity that he has achieved as a stepping stone for a more complete and mature view on the world.
