of Sussex He is caught up in the Chartist riots of August 1842 and is robbed during one of the melees And he provides countless illustrations of ordinary people strolling in the streets and swarming the parks and picture galleries of the metropolis The sketches offer a fresh perspective on major social and cultural events of London during the early 1840s by a keen observer not yet twenty years old Doyle s epistles anticipate the modern comic strip and the graphic novel especially in their experimentation with sequential narrative and their ingenious use of space The letters are accompanied by a full biographical and critical introduction with new material about Doyle s life The 100 Best Illustrated Letters of Charles M.
