Sinister Twilight Fall Of Singapore 1942:

A Sinister Twilight Noel Barber, 1970 **Sinister Twilight** Noel Barber, 1968 *Sinister Twilight* Noel Barber, 1970

Filled with drama this classic account follows every step that led to the disastrous fall of Singapore to the Japanese in February 1942. The Japanese army, though outnumbered by 20 000 men, defeated the British only one week after the actual assault began.

The Defence and Fall of Singapore Brian Farrell, 2017-01-01

Shortly after midnight on 8 December 1941, two divisions of crack troops of the Imperial Japanese Army began a seaborne invasion of southern Thailand and northern Malaya. Their assault developed into a full-blown advance towards Singapore, the main defensive position of the British Empire in the Far East. The defending British Indian, Australian, and Malayan forces were outmanoeuvred on the ground, overwhelmed in the air, and scattered on the sea. By the end of January 1942, British Empire forces were driven back onto the island of Singapore. Itself cut off from further outside help, when the Japanese stormed the island with an all-out assault, the defenders were quickly pushed back into a corner from which there was no escape. Singapore's defenders finally capitulated on 15 February to prevent the wholesale pillage of the city itself. Their rapid and total defeat was nothing less than military humiliation and political disaster. Based on the most extensive use yet of primary documents in Britain, Japan, Australia, and Singapore, Brian Farrell provides the fullest picture of how and why Singapore fell and its real significance to the outcome of the Second World War.

The Men Who Lost Singapore, 1938-1942 Ronald McCrum, 2017-02-28

The British military failure against the Japanese invasion of Singapore in 1942 is a well-documented and closely examined episode. While attention is frequently drawn to the role of the Colonial Governor and his staff during this period, the actions of the civil authorities have not been subjected to the same rigorous scrutiny. In this book, Ronald McCrum undertakes a close examination of the role and the responsibilities of the colonial authorities both in the lead-up to the war and during it. He contends that the colonial government, by pursuing different priorities, needlessly created distraction and confusion. Additionally, the poor even hostile relations that developed between the local government and the British military hierarchy impeded a joint approach to the growing threat and affected the course of this campaign. McCrum displays how the inept management of civil defence led to unnecessary loss of civilian life.

Battle for Malaya Kaushik Roy, 2019-12-02

The historian and author of *The Army in British India* analyzes the British Indian Army's devastating loss to the Imperial Japanese during WWII. The defeat of 90 000 Commonwealth soldiers by 50 000 Japanese soldiers made the World War II Battle for Malaya an important encounter for both political and military reasons. British military prestige was shattered, fanning the fires of nationalism in Asia, especially in India. Japan's successful tactics in Malaya—rapid marches, wide outflanking movement along difficult terrain, nocturnal attacks, and roadblocks—would be repeated in Burma in 1942-43. Until the Allied command evolved adequate countermeasures, Japanese soldiers remained supreme in the field. Looking beyond the failures of command, Kaushik Roy focuses on tactics of the ground battle that unfolded in Malaya between December 1941 and February 1942. His analysis includes the organization

of the Indian Army the largest portion of Commonwealth troops and compares it to the British and Australian armies that fought side by side with Indian soldiers Utilizing both official war office records and personal memoirs autobiographies and oral histories Roy presents a comprehensive narrative of operations interwoven with tactical analysis of the Battle for Malaya
