and longs for an impossible return to Earth A plastic surgeon botches an operation and hides on a sugar cane plantation where indigenous slavery is practiced Horror and the fantastic mark the unstable realism of Our Dead World in which altered states of consciousness marginalized peoples animal bodies and tensions between tradition and modernity are recurring themes Liliana Colanzi's stories explore those moments when the civilized voice of the ego gives way to the buzzing of the subconscious and repressed indigenous history destabilizes the colonial legacy still present in contemporary Latin America Colanzi is considered by critics to be one of the most promising voices of the new Latin American narrative and this book is an ambitious formal and thematic leap

Talking Out of School Kass Fleisher, 2008 Humour abounds in this memoir which reads like an expose of the power structures in America's higher education system Whose got it how they're abusing it what everyone else is willing to do to get it and the social cost of doing educational business this way
