restoration of the sinner through forgiveness and repentance Prothro fleshes out the patterns in which God's people in the Old and New Testaments approach the merciful God confess and are forgiven and called to reengage their relationship with God by growing in faith and love through God's ministry of grace Series editors are Timothy C Gray and John Sehorn Gray and Sehorn teach at the Augustine Institute Graduate School of Theology which prepares students for Christian mission through on campus and distance education programs Gray is also president of the Augustine Institute *The Christian Advocate* ,1901 **A Layman's THEOLOGY** James Clark,2008-02-01 This book is the presentation of a layman's take on the Christian Faith not from the formal scholarly standpoint but by using the scriptures written in English drawing on personal experience and attempting to use plain common sense Lutheran Evangelist ,1901 *Christian Advocate and Journal and Zion's Herald* ,1901 *The Price of Redemption* Mark A. Peterson,1997 Beginning with the first colonists and continuing down to the present the dominant narrative of New England Puritanism has maintained that piety and prosperity were enemies that the rise of commerce delivered a mortal blow to the fervor of the founders and that later generations of Puritans fell away from their religious heritage as they moved out across the New England landscape This book offers a new alternative to the prevailing narrative which has been frequently criticized but heretofore never adequately replaced The author's argument follows two main strands First he shows that commercial development rather than being detrimental to religion was necessary to sustain Puritan religious culture It was costly to establish and maintain a vital Puritan church for the needs were many including educated ministers who commanded substantial salaries public education so that the laity could be immersed in the Bible and devotional literature substantial expenses in themselves the building of meeting houses and the furnishing of communion tables all and more were required for the maintenance of Puritan piety Second the author analyzes how the Puritans gradually developed the evangelical impulse to broadcast the seeds of grace as widely as possible The spread of Puritan churches throughout most of New England was fostered by the steady devotion of material resources to the maintenance of an intense and demanding religion a devotion made possible by the belief that money sown to the spirit would reap divine rewards In 1651 about 20 000 English colonists were settled in some 30 New England towns each with a newly formed Puritan church A century later the population had grown to 350 000 and there were 500 meetinghouses for Puritan churches This book tells the story of this remarkable century of growth and adaptation through intertwined histories of two Massachusetts churches one in Boston and one in Westfield a village on the remote western frontier from their foundings in the 1660 s to the religious revivals of the 1740 s In conclusion the author argues that the Great Awakening was a product of the continuous cultivation of traditional religion a cultural achievement built on New England's economic development rather than an indictment and rejection of its Puritan heritage The Presence of God J. Ryan Lister,2014-11-30 God is with us We say this in our sermons prayers and songs but what does it really mean For many Christians the whole notion of God's presence remains vague and hard to define Exploring both the Old and New Testaments

professor J Ryan Lister seeks to recover the centrality of the presence of God in the whole storyline of Scripture a theme that is too often neglected and therefore misunderstood In a world that longs for yet struggles to find intimacy with the Almighty this book will help you discover the truth about God s presence with his people and what his drawing near means for the Christian life

The Redemption Stephen T. Davis, Daniel Kendall SJ, Gerald O'Collins SJ, 2004-10-21 This interdisciplinary study follows an international and ecumenical meeting of twenty one scholars held in New York at Easter 2003 the Redemption Summit After an opening chapter which explores seven central questions for writers on redemption five chapters are dedicated to the scriptural roots of the doctrine A section on the patristic and medieval periods then examines the interpretation of redemption through the centuries The volume moves on to foundational and systematic issues the problem of horrendous evil karma and grace and differing views on justification Studies on the redemption in literature art music and preaching form the final part There is a fruitful dialogue between experts in a wide range of areas and the international reputation of the participants reflects and guarantees the high quality of this joint work The result is a well researched skilfully argued and at times provocative volume on the central Christian belief the redemption of human beings through Jesus Christ

Family Feuds Eileen Hunt Botting, 2012-02-01 Family Feuds is the first sustained comparative study of the place of the family in the political thought of Jean Jacques Rousseau Edmund Burke and Mary Wollstonecraft Eileen Hunt Botting argues that Wollstonecraft recognized both Rousseau s and Burke s influential stature in late eighteenth century debates about the family Wollstonecraft critically identified them as philosophical and political partners in the defense of the patriarchal structure of the family yet she used Rousseau s conceptions of childhood education and maternal empowerment and Burke s understanding of the family as the affective basis for political socialization as a theoretical foundation for her own egalitarian vision of the family It is this ideal of the egalitarian family Botting contends that is one of the most important yet least appreciated legacies of Enlightenment political thought

Paul and the Faithfulness of God N. T. Through the Waters Caleb S. Lewis, 2024-06-04 Links to the Exodus and the Day of Atonement are found throughout the book of Genesis These links are so pervasive that though often overlooked they are an integral part of the literary strategy of the author of Genesis The goal of Through the Waters is to aid the reader in understanding the book of Genesis as the author intended taking into account its literary and historical features The goal is not only to understand each section of the book of Genesis on its own but also to understand how each section contributes to the book as a unified narrative As each narrative section is explored and explained the presence of the Exodus motif or pattern and what will be referred to as the

Two Goats motif will be highlighted As these motifs are understood in the context of the text of Genesis it will be seen how they contribute to the literary structure and to the tensions expectations and hope created by the book of Genesis
