censorship Szetela argues for attention to the ways that left wing censorship controls speech within the publishing industry itself The author draws on interviews with presidents and vice presidents at the Big Five publishers literary agents at the most prestigious agencies award winning authors editors marketers sensitivity readers and other industry professionals to examine the new publishing landscape What he finds is unsettling mandatory sensitivity reads morality clauses in author contracts even censorship of dangerous books in the name of antiracism feminism and other forms of social justice These changes to acquisition practices editing policies and other aspects of literary culture are a direct outgrowth of the culture of public outcries on X Goodreads Change org and other online platforms where users accuse authors justifiably or not of racism sexism homophobia and other transgressions But rather than genuinely address the economic inequities of literary production this current moral crusade over literature serves only to entrench the status quo While the right is remaking the world in its image he writes the left is standing in a circular firing squad Compellingly argued and incisively written the book is a much needed wake up call for anyone who cares about reading writing and the publication of books as well as the generations of young readers we are raising      **Twenty Gallons of Milk** Joan Hibbard Hershberger,2013-10 Snatching up freshly baked loaves of bread on the side of the road heaping twenty gallons of milk into a grocery cart conversations in the car bribing a kid with ice cream to learn his math facts or finding some way to inconvenience a child to capture their attention Joan Hershberger records the typical and unusual moments of life and her response to life as it happens      *Time* Briton Hadden, Henry Robinson Luce,1942      *Stolen Youth* Bethany Mandel, Karol Markowicz,2023-03-05 The kids are not alright The Left is waging an all out battle on the American family particularly the youngest members If they can make our children miserable lead them to question every building block of society and rebuild their entire concept of reality then the Left and their woke indoctrinators will consider that a victory But we can't let them win As concerned parents and American citizens we have to understand what truly going on before we can do something about it *Stolen Youth* provides an urgent deep dive into issues surrounding the current woke indoctrination happening in politics education medicine mental health entertainment and culture These issues may seem subtle insidious and hard to make sense of but armed with the information provided in this book we now have a framework from which to fight While we may simply be trying to parent our children well and create a healthy and happy home environment this is no longer enough We must now go on the offense to protect our kids and this book sheds a bright light on the reason why We can no longer afford to stay ignorant Our children's lives and the survival of our families are at stake A win is a family who is free *Stolen Youth* outlines how to fight for our children's freedom and win      **The New York Times Book Review** ,1994-04 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback      **Men & Masculinities** Michael S. Kimmel, Amy B. Aronson,2003-12-11 The first encyclopedia to analyze summarize and explain the complexities of men's lives and the idea of modern manhood The process of making

masculinity visible has been going on for over two decades and has produced a prodigious and interesting body of work But until now the subject has had no authoritative reference source *Men Masculinities* a pioneering two volume work corrects the oversight by summarizing the latest historical biological cross cultural psychological and sociological research on the subject It also looks at literature art and music from a gender perspective The contributors are experts in their specialties and their work is directed organized and coedited by one of the premier scholars in the field Michael Kimmel The coverage brings together for the first time considerable knowledge of men and manhood focusing on such areas as sexual violence intimacy pornography homophobia sports profeminist men rituals sexism and many other important subjects Clearly this unique reference is a valuable guide to students teachers writers policymakers journalists and others who seek a fuller understanding of gender in the United States

**Unteachable Lessons** Carl McColman, 2019-09-03 Why Christian spirituality must be caught rather than taught We speak of spirituality as a journey which implies not only a destination toward which we travel but countless adventures encountered along the way The journey is the destination both at once We may all be trying to get to the heart of God but there are infinite ways to get there Can wisdom collected along the pilgrim path even be captured in words codified into a book Probably not And why do the wisest books refuse to offer glib formulas or step by step instructions for happiness or enlightenment Why are the great spiritual classics mostly just an invitation to keep our eyes ears and especially hearts open Because we re often stumbling on miracles while we re looking for something else Using engaging and disarming stories from his own life Carl McColman a leading author of books in spirituality gently leads readers toward a recognition that although the wisdom of the past is worth reading hearing or reading others experience of God is ultimately no substitute for opening our own eyes ears and hearts to God
