Career Opportunities in Radio Shelly Field, 2010-04-21 Offers career information in radio Profiles include news sports sales management public relations traffic engineering and programming

*The Radio Station* John Allen Hendricks, Bruce Mims, 2018-05-01 The Radio Station offers a concise and insightful guide to all aspects of radio broadcasting streaming and podcasting This book's tenth edition continues its long tradition of guiding readers to a solid understanding of who does what when and why in a professionally managed station This new edition explains what radio in America has been where it is today and where it is going covering the basics of how programming is produced financed delivered and promoted via terrestrial and satellite broadcasting

streaming and podcasting John Allen Hendricks and Bruce Mims examine radio and its future within a framework of existing and emerging technologies The companion website is new revised with content for instructors including an instructors manual and test questions Students will discover an expanded library of audio interviews with leading industry professionals in addition to practice quizzes and links to additional resources The Radio Broadcasting Industry Alan B. Albarran, Gregory G. Pitts, 2000 Perhaps no form of mass media has undergone as much change and evolution as radio which continues to reinvent itself today This book introduces radio from early history to current programming ownership and regulatory developments and previews future technological considerations By placing a strong emphasis on the business of radio readers develop a complete understanding of the industry and of how radio stations attract and retain an audience that could be spending its time with other media forms For anyone interested in Radio the Broadcasting Industry Media Economics and Media Management Broadcast Announcing Worktext Alan R. Stephenson, David E. Reese, Mary E. Beadle, 2005 Broadcast Announcing Worktext Second Edition provides the aspiring broadcast performer with the skills techniques and procedures necessary to enter this highly competitive field In addition to the principles of good performance this text addresses the importance of audience and how messages change to communicate effectively to various groups Television and radio studio environments announcer specializations and responsibilities and developing a broadcast delivery style are just a few of the many topics covered Factual information is presented in brief easy to digest modules and is enhanced with self study questions and projects that encourage active reader participation The self study provides an immediate check on the comprehension of what was presented and the projects allow for a practical application of key concepts in the material The worktext format with many real life examples combines both traditional textbook learning and practical experience A companion CD ROM illustrates techniques and concepts in each chapter with audio and visual examples *Singapore Radio* Bradley C. Freeman, Yoganathan Ramakrishnan, 2016-04-26 The world of media moves quickly nowhere is this more the case than Singapore a world class alpha city that prides itself on being first This book tracks the journey of Singapore radio from its humble beginnings to its advanced modern day incarnations Along the way Freeman and Ramakrishnan also detail economic political cultural and technological aspects of this medium in Singapore The role of radio is deliberated as well as the times when radio and its personalities have broken the rules In addition campus radio and social media are also discussed The book functions as a treasure trove partial archive and starting point for those interested in knowing more about the radio portion of Singapore s media landscape At the same time it serves as a fitting birthday present to the medium as radio meets and passes the 80 year mark in the country As such the book makes significant contributions to multiple aspects of the radio medium as it exists in Singapore aspects that are not to be found anywhere else *A Resource Curriculum in Broadcast Media* Roger Herian, Mary Moen, 1978 **Radio Broadcast**, 1922 **Circular** United States. Office of Education, 1930 Occupational Outlook Handbook 2014-2015 U.S. Department of Labor, 2014-08-19 Written by

the U S Department of Labor the Occupational Outlook Handbook 2014 2015 is designed to provide valuable up to date assistance to individuals making decisions about their futures Accompanying each profession are descriptions of the nature of the work work environment and the required qualifications training and education as well as job earnings related occupations The book includes details on more than 250 occupations that s 90 percent of the jobs available in the United States It also includes job search methods and job outlook Keep up in the scramble to stay afloat in the waning job market by staying informed as you plan your training and career      *Micro Radio and the FCC* Andrew Opel,2004-05-30 Micro Radio became a lightening rod for the emerging Media Activism and Reform Movement Like the environmental movement in the 1960s and 70s that focused on specific issues like nuclear power the Media Activism Movement discovered a significant formative issue in micro radio at the turn of the millennium This book is a close examination of the struggle over micro radio Throughout this research micro radio is viewed as a site of social activity a unique cultural and historical bond where ideas about the relationship between media and democracy are explored This work is the first to spotlight this emerging social movement and uses critical historical analysis to provide a description of it The information in this book shows the struggle over micro radio as the most recent manifestation of a growing social movement a movement of media activism and reform As local people took to the airwaves illegally broadcasting the frivolous to the serious theoretical concepts such as localism and public access suddenly became grounded in a real world radio show Micro radio broadcasters were able to demonstrate what is left out of most mainstream media They showed what could happen when a diverse public is allowed to access the most universal telecommunications of the day This look at micro radio will be valuable to communications students who are interested in the strategies behind media and social movements alternative media and news media practices      **Radio Broadcast Series** United States National Emergency Council for Indiana,1934      **Community Radio Toolkit** ,2005
