The researchers are from Malaysia, Indonesia, Philippines, Singapore, and New Zealand. The articles in this edited book examine teaching and language learning goals in relation to the desired development of linguistic knowledge. More importantly, the articles also reflect on the nurturing of appropriate learning abilities and independent thinking that is framed by the expanding learner awareness of identity, culture, and society within and beyond the classroom. Ultimately, the book tackles issues that emerge from the fact that we teach and learn English in a region that is hugely multicultural and multilingual.
