

In the various countries a large (5) percent export share often goes uncollected by the host governments in the commodities. It is common for export taxes to be levied on the host country and a smaller percentage (usually 10 percent) on the foreign companies. In some cases, the host country and the foreign companies share the export taxes. In some cases, the host country and the foreign companies share the export taxes. In some cases, the host country and the foreign companies share the export taxes.

As pointed out in the article, the production of the modern 2- and 3-linguals in the United States is not, as often claimed, the result of a conscious effort to create bilingual or bicultural individuals. It is, rather, the result of the socialization of the child, but this is the socialization with respect to the language(s) of the majority.
