Sleep Of Stone:

Sleep of Stone Louise Cooper, 2019-03-27 Ghysla is the last of her race of winged shape shifters who were common before human beings proliferated. She is content with her solitary existence until the day she sees and falls in love with Anyr, a prince. Understanding that her clawed, sharp-toothed appearance could shock or frighten him, Ghysla uses her abilities to become various animals, most successfully a seal that Anyr looks forward to greeting and accompanies him through field, forest, and coast. Ghysla is happy with this strange relationship until the day that she learns Anyr is to marry. Blinded by unrequited love, she casts the sleep of stone on his betrothed, Sivorne, and takes her place at the wedding, unaware of the tragedy she has set in motion. This unusual and compelling fantasy is of the same high quality as the earlier books in the Dragonflight series.

Stones of the New Consciousness Robert Simmons, 2021-01-12 Details the spiritual healing and energetic qualities of stones such as Moldavite, Nuummite, Circle Stones, Nirvana Quartz from the Himalayas, and high vibrational Natrolite from the emerald mines of Russia. Features color photos of exceptional examples of each of the stones. Includes practices for deepening one's awareness of the stones' gifts from expanding consciousness to healing to awakening the Light Body to fulfilling one's personal and collective destiny. In *Stones of the New Consciousness*, Robert Simmons examines the 62 most important stones to help accelerate and enhance conscious evolution and spiritual awakening. Each entry is illustrated with color photos of exceptional examples. The stones include Moldavite, the extraterrestrial amorphous crystal; Nuummite, the oldest gemstone on Earth; and Circle Stones, the highly energetic Flint found in crop circle formations. Other featured rarities include Nirvana Quartz from the Himalayas and high vibrational Natrolite from the emerald mines of Russia. Simmons begins with a new approach to meditation with stones and to the possibility of conscious relationship with the spiritual beings who express themselves in our world as crystals and minerals. He includes historical and mythological references for each stone, positing that the fabled Stone of the Holy Grail and the Philosopher's Stone of the alchemists may have physical counterparts among the minerals discussed. Simmons presents practices for deepening one's awareness of the stones' gifts from expanding one's consciousness to healing to awakening the Light Body to fulfilling one's personal and collective destiny. While emphasizing direct contact with stones, the book also explores crystal energy, tools, energy environments, and applications such as stone elixirs and essences that can aid anyone on a spiritual path.

The Sleep of Stone Louise Cooper, 1993 When the man she loves brings his betrothed to his great house, Ghysla, a creature from another race of beings, exacts a terrible revenge.
