Each of the 71 entries includes sumptuous photography of the uniform and associated memorabilia, as well as a poignant and lively narrative highlighting its significance. American Presidents - A Curious Look at a Unique Cohort V.S. Dharmakumar, 2019-09-05 Believe it or not, an American president was arrested for running over a woman with his horse. He was not the only one to be arrested; two more were George Washington, preferred fox hunting with his dogs than going to church, and Young Abraham Lincoln fell into a deep ditch and was saved by his dog. And after he was assassinated, his dog Fido also was assassinated. Who was the President who worked as a bartender? And the one who once officially served as an executioner? The President of the United States is considered one of the world's most powerful people, leading the world's only current superpower. His role includes being the commander in chief of the world's most expensive military, with the largest nuclear arsenal, with the nuclear button on his desk. This book is the result of over a decade of research and writing. It is a comprehensive compendium, a single volume book about the 44 men the entire world looked upon as the most powerful men in the world, 44 men who formed the 45 presidencies of the United States of America through 58 quadrennial presidential elections in the 230 years from 1789. This book covers the presidency of the successful liquor distributor and owner of a distillery, George Washington, to the presidency of Donald Trump, the oldest wealthiest man without any prior military or government service experience to ever assume the presidency.
