Foundational Issues in Christian Education Robert W. Pazmiño, 2008-09-01 For almost twenty years *Foundational Issues in Christian Education* has been a key text for many Christian education courses Its perceptive analysis coupled with clear writing make it a resource without peer In the book Christian education expert Robert Pazmiño guides readers through a comprehensive discussion of the interdisciplinary foundations of Christian education calling all Christian educators to reevaluate the fundamentals of their discipline A careful exploration of foundations writes Pazmiño is essential before specifying principles and guidelines for practice This updated edition includes interaction with professional developments over the past ten years and appendixes that assess the impact of postmodernism as an educational philosophy In addition each chapter includes points to ponder for personal reflection or classroom use

Speaking the Truth in Love Daniel R. Berger, 2007-01-01 Approaching public communication from a liberal arts point of view *Speaking the Truth in Love* provides a distinctly Christian perspective of rhetoric Written and oral rhetoric are interwoven throughout the text Two foundational ideas control the majority of the text The first is from Plato's Phaedrus as stated by Paul in Ephesians 4:15 speaking the truth in love The second is from the Apostle Peter in 1 Peter 4:11 if anyone speaks he should do it as one speaking the very words of God The spiritual responsibility of communicating truth in accordance with the nature of God especially the virtue of love is an awesome privilege and opportunity Sound content spoken or written eloquently with charisma will enable words to have a maximum impact The text is designed to be a culminating learning experience for undergraduate communication programs or as an introductory text for graduate programs involving public communication Beginning with a philosophy of language meaning and interaction argument is built against secular deconstructive thought where everyone has a different truth based on language Alongside philosophy we explore ethics and theology from an evangelical perspective Following this a brief history outlines rhetorical thought from pre testament classics to today Based upon these ideas we take a closer look at communication theory as it relates to public communication Finally the text addresses the practice of both written and oral communication

Speaking the Truth in Love: The Catechism and the New Evangelization Petroc Willey, Scott R. Sollom, 2020-01-08 It is now just over twenty five years since the publication of the Catechism of the Catholic Church It is also more than thirty five years since St John Paul II called for a new evangelization to be characterized by a new ardor a new

expression and new methods The conviction common to the contributors in this volume is that the Catechism flows from just such an ardor Speaking the Truth in Love draws together a group of Catholic scholars and field practitioners to focus on the capacity of the Catechism to be a powerful point for the renewal of Christian catechesis education and culture through its reclamation of the Christian heritage its explanatory power and its compelling articulation of a civilization characterized by faith hope and love A special focus of the book is how the Catechism provides a creative reference point for pedagogical renewal in the Church Since the publication of the Catechism of the Catholic Church in 1992 catechists and pastors of souls have discovered how it has served as a great instrument of the New Evangelization We have awaited this volume as a mature reflection on its vital place in the hope expressed by St John Paul II for a springtime of New Evangelization In these pages you will find testimony on how through the Catechism this springtime is already taking shape Most Rev Mark Davies Bishop of Shrewsbury Province of Birmingham England **Christian Advocate** ,1908 **The Sunday school chronicle**

[afterw.] New chronicle of Christian education National Sunday school union,1877 **Preparing for Ministry** George M. Hillman, Most seminaries now require their students to get real world training by way of supervised theological field education This volume presents the wide array of issues that must be understood in order to integrate theological education and practical ministry including the importance of theological field education its purpose and challenges the need for flexibility in meeting different students needs and the resources available to create a meaningful and educational experience
