English Language Learners with Special Education Needs Alfredo J. Artiles, Alba A. Ortiz, 2002 Because procedures are not in place in many schools and school districts to successfully determine academic placement of English language learners many of these learners are placed inappropriately Some who don't need special services other than English as a second language may find themselves in special education classes Others who need special services may be placed in regular classes without the extra supports and services that they need Working with English language learners and with students requiring special education services requires collaboration among teachers school psychologists speech pathologists and assessment personnel with expertise in general bilingual and special education

Inclusive Education in Bilingual and Plurilingual Programs Mañoso-Pacheco, Lidia, Estrada Chichón, José Luis, Sánchez-Cabrero, Roberto, 2024-02-07 Implementing bilingual and plurilingual education programs has ushered in a transformative era for educators worldwide These programs have redefined teaching practices and thrust diversity into the spotlight as a central concern During this paradigm shift the need to cater to diverse students has become paramount particularly in monolingual European contexts where bilingual and plurilingual instruction is often perceived as a formidable challenge especially for learners with special needs Inclusive Education in Bilingual and Plurilingual Programs assembles a compendium of international theoretical and practical contributions shedding light on the intricate interplay between diversity and bilingual or plurilingual education This book delves into the multifaceted realm of attention to diversity in education where the focus is on tailoring teaching methods to the specific needs of students encompassing differences in abilities learning paces and styles which empowers students to acquire essential competencies and attain educational objectives at each stage of their academic journey Secondly it traverses the landscape of bilingual and plurilingual education which has emerged in response to the societal employment and economic demands for language proficiency beyond one's mother tongue This book is essential reading for many educational stakeholders engaged in bilingual or plurilingual education Teachers at every educational level along with teacher trainers at tertiary institutions will find valuable insights for tailoring their pedagogical approaches to the unique needs of their students

Foundations of Bilingual Education and Bilingualism Colin Baker, 2006-01-01 Written as an introductory text from a crossdisciplinary perspective this book covers individual and societal concepts in minority and majority languages

Life with Two Languages François Grosjean, 1982 Many people consider bilinguals to be exceptional yet almost half the world's population speaks more than one language Bilingualism is found in every country of the world in every class of society in all age groups Life with Two Languages is the first book to provide a complete and authoritative look at the nature of the bilingual experience François Grosjean himself a bilingual covers the topic from each of its many angles in order to provide a balanced introduction to this fascinating phenomenon Grosjean discusses the political and social situations that arise when languages come into contact and the policies nations have established toward their linguistic minorities in the domains of education and governance Of particular interest is his detailed account of the psychological and

social factors that lead a bilingual to choose one of her languages when speaking to another bilingual or to use both languages in the fascinating phenomenon of code switching The author explains how children become bilingual as quickly as they become monolingual describes the organization of languages in the bilingual brain and examines the legacy of bilingualism on language as exemplified in word borrowings Above all *Life with Two Languages* puts the emphasis on the bilingual person In a series of first hand reports scattered throughout the book bilinguals tell what it is like to live with two languages and describe the educational and social experiences they have undergone Written in a clear and informative style *Life with Two Languages* will appeal to professionals and students in linguistics education sociology and psychology as well as to the more casually curious

Resources in Education ,1996 **Teaching Emergent Bilingual Students with Dis/Abilities** Patricia Martínez-Álvarez,2023 Grounded in authentic teaching and learning experiences this book shows elementary school educators how to create spaces that more respectfully and humanely address the needs of emergent bilinguals with disabilities While the fields of bilingual education and disability studies have been traditionally kept separate Mart nez lvarez argues that many of the constructs researchers and educators employ in their respective fields can be combined to improve instruction This book establishes a dialogue among important constructs such as issues of assimilation and ableism and the expansion of identity agency and humanistic pedagogies It then looks at how these constructs can be used to better understand children who have been assigned inflexible labels that do not cohesively represent their bilingual bicultural identities and their varied ways of learning The text explores the limitations of categorizing children into boxes particularly those of minoritized backgrounds and focuses on actual practices that will engage and empower learners Book Features Combines the fields of bilingual education and disability studies so that bilingual students with disabilities can be understood and taught from a strengths based perspective Includes activity invitations to help teachers create high quality learning spaces Provides sample work from diverse elementary school aged children as well as children s responses to the learning activity Proposes curriculum to expand what identity and agency look like in schools embracing more humanistic pedagogies
