Special Relations Howard Malchow, 2011-02-18 A study of Anglo American cultural and countercultural exchange from the mid Fifties to the mid Seventies *Special Relations* explores aspects of London modernism the anti war movement student rebellion black power the second wave feminist and gay liberation movements and transatlantic nostalgia

Russian-German Special Relations in the Twentieth Century Karl Schlögel, 2006-10-31 This book examines the complicated history of Germany and Russia two of the most geopolitically important nation states in Europe **The Special Relationship between West Germany and Israel** Lily Gardner Feldman, 2025-04-30 First Published in 1984 The Special Relationship between West Germany and Israel stresses the uniqueness of the historical ties between Germans and Jews but attempts to set the implementation of post war German Israeli policy relations in the context of a general theory of bilateral ties between states Lily Gardner Feldman has articulated the concept of the special relationship and indicated its relevance for other international partnerships including those between France and Germany and the United States and Israel It is difficult to imagine a less likely bilateral relationship of friendship and mutual support after World War II than one between Germans and Jews Yet in their simultaneous efforts to establish legitimacy in the family of nations the Federal Republic of Germany and Israel turned to each other And so in one of history's greatest ironies West Germany looked to Israel for the Nazi victims to acknowledge the moral acceptability of the successor state and Israel looked to as Germany as the lone industrial state with both the means and the will to provide a measure of economic security This book reveals the intricacies of the German Israeli policy relationship in a setting of extensive and complicated ties between German and Israeli societies and individuals It is based on more than 100 interviews with key actors in erstwhile West Germany and Israel The innovative combination of theory and practice about such dramatic historical and contemporary importance should appeal not only to academics but also to the policy communities **Relations 3.1 - June 2015** Catia Faria, Eze Paez, 2015-05-12 Table of Contents Animals in Need the Problem of Wild Animal Suffering and Intervention in Nature Editorial Catia Faria Eze Paez The Problem of Evil in Nature Evolutionary Bases of the Prevalence of Disvalue Oscar Horta The Case for Intervention in Nature on Behalf of Animals a Critical Review of the Main Arguments against Intervention Mikel Torres If Natural Entities Have Intrinsic Value Should We Then Abstain from Helping Animals Who Are Victims of Natural Processes Luciano Carlos Cunha The Harm They Inflict When Values Conflict Why Diversity Does not Matter Julia Mosquera Making a Difference on Behalf of Animals Living in the Wild Interview with Jeff McMahan Catia Faria The Predation and Procreation Problems Persistent Intuitions Gone Wild Stijn Bruers Intuitions Gone Astray between Implausibility and Speciesism The Predation and Procreation Problems a Reply Eze Paez Seeking to Increase Awareness of Speciesism and Its Impact on All Animals a Report on Animal Ethics Leah McKelvie Humanitarian Intervention in Nature Crucial Questions and Probable Answers Adriano Mannino **Nature, God and Humanity** Richard L. Fern, 2002-04-04 *Nature God and Humanity* clarifies the task of

forming an ethics of nature thereby empowering readers to develop their own critical faith based ethics Calling on original thought provoking analyses and arguments Richard L Fern frames a philosophical ethics of nature assesses it scientifically finds support for it in traditional biblical theism and situates it culturally Though defending the moral value of beliefs affirming the radical Otherness of God and human uniqueness this book aims not to compel the adoption of any particular ethic but rather illumine the contribution diverse forms of inquiry make to an ethics of nature How does philosophy clarify moral conviction What does science tell us about nature Why does religious faith matter Rejecting the illusion of a single rationally compelling ethics Fern answers these questions in a way that fosters both agreement and disagreement allowing those holding conflicting ethics of nature to work together for the common good **Whitehead's Ontology** John W.

Lango,1972-06-30 An examination of Whitehead s metaphysics through a study of his Process and Reality Jimmy Carter and the Anglo-American Special Relationship Thomas K. Robb,2016-12-05 Robb Thomas draws upon a wealth of previously classified documents to reveal that relations between Britain and the United States of America during Carter s presidency were riven with antagonism and disagreement Contrary to existing interpretations even the most special aspects of intelligence and nuclear cooperation were not immune to high level political tension Robb exposes the true competitive nature of the relationship during Carter s presidency as well as providing an original understanding to how both countries approached the breakdown of superpower detente the subject of international human rights promotion the tackling of common economic and energy challenges and to the Anglo American nuclear and intelligence relationship Medicine and

the Ethics of Care Diana Fritz Cates,Paul Lauritzen,2002-03-01 In these essays a diverse group of ethicists draw insights from both religious and feminist scholarship in order to propose creative new approaches to the ethics of medical care While traditional ethics emphasizes rules justice and fairness the contributors to this volume embrace an ethics of care which regards emotional engagement in the lives of others as basic to discerning what we ought to do on their behalf The essays reflect on the three related themes community narrative and emotion They argue for the need to understand patients and caregivers alike as moral agents who are embedded in multiple communities who seek to attain or promote healing partly through the medium of storytelling and who do so by cultivating good emotional habits A thought provoking contribution to a field that has long been dominated by an ethics of principle Medicine and the Ethics of Care will appeal to scholars and students who want to move beyond the constraints of that traditional approach **An African Philosophy of Personhood,**

Morality, and Politics Motsamai Molefe,2019-04-02 This book explores the salient ethical idea of personhood in African philosophy It is a philosophical exposition that pursues the ethical and political consequences of the normative idea of personhood as a robust or even foundational ethical category Personhood refers to the moral achievements of the moral agent usually captured in terms of a virtuous character which have consequences for both morality and politics The aim is not to argue for the plausibility of the ethical and political consequences of the idea of personhood Rather the book

showcases some of the moral political content and consequences of the account it presents What is this thing called Global Justice? Kok-Chor Tan, 2017-01-12 What is this thing called Global Justice explores the core topics covered on the increasingly popular undergraduate modules on global justice including world poverty economic inequality nationalism human rights humanitarian intervention immigration global democracy and governance climate change international justice Centered on real world problems this textbook helps students to understand that global justice is not only a field of philosophical inquiry but also of practical importance Each chapter concludes with a helpful summary of the main ideas discussed study questions and a further reading guide
