Belinda Wheaton

Sport In Social Development Traditions Transitions And Transformations:

Sport, Culture and Society Grant Jarvie, 2006 This exciting new undergraduate textbook introduces the reader to the broad and complex relationship between sport culture and society and critically examines the key assumptions that we hold with regard to the nature of sport

Sport in Social Development Alan G. Ingham, John W. Loy, 1993 The essays in Sport in social Development examine sport and physical activity in a variety of cultures and historical periods from ancient athletics to rugby in Victorian England to professional team sports in urban America Fifteen contributors use Raymond Williams's themes of dominant residual and emergent cultural practices to examine the interpenetration of sport and social processes

Sport Management Cultures Vassil Girginov, 2014-06-11 This is the first book to address the link between culture and sport management The aim is to demonstrate that culture profoundly affects how we research teach and practice sport management The book engages with the concept of culture both as an abstract analytical category and specific beliefs and practices It recognizes that a single best way of managing does not exist that the applicability of management theories may stop at national boundaries and that fundamental cultural values act as a strong determinant to managerial ideology and practice Culture makes the study of sport management interesting because it challenges many taken for granted assumptions about management yet it reinforces our belief in the existence of common management problems The book offers a comprehensive review of the conceptualisations of culture and its relation with sport management by examining a range of issues the emergence of multiculturalism as a policy issue the impact of commonly shared cultural values within the fitness industry on managers and organisations behaviour building cultural bridges in community sport organisations cultural meanings attached to the consumption of Olympic merchandise and culturally informed interpretation through a reflective analysis of sport management texts This book was published as a special issue of European Sport Management Quarterly

Britishness Since 1870 Paul Ward, 2004 Thematically organized this book examines the forces that have contributed to a sense of Britishness and how this has been mediated by other identities such as class gender region ethnicity and the sense of belonging to the UK and Ireland

Understanding Lifestyle Sport Belinda Wheaton, 2004-08-26 The past decade has seen a tremendous growth in the popularity of activities like skateboarding and snowboarding sports that have been labelled as extreme or lifestyle and which embody alternative sporting values such as anti competitiveness anti regulation high risk and personal freedom The popularity of these activities goes beyond the teenage male youth that the media typify as their main consumers This book examines the popularity significance and meaning of lifestyle sport exploring the sociological significance of these activities particularly as related to their consumption and the expression of politics of identity and difference Including much unique ethnographic research work with skaters surfers windsurfers climbers adventure racers and ultimate frisbee players the central themes explored in The Cultural Politics of Lifestyle Sports include How might we describe lifestyle sports What influence do commercial forces have on lifestyle sports Do lifestyle sports challenge the

hegemonic masculinities inherent in a traditional sport environment This book is a compelling exploration of sport as a way of life and is a vital resource for any lecturer or student interested in Sociology and Cultural Studies in a Sports context

The Field Douglas Booth, 2007-05-07 2006 North American Society for Sports History Book of the Year The literature on sport history is now well established taking in a wide range of themes and covering every activity from aerobics to zorbing However in comparison to most mainstream histories sport history has rarely been called upon to question its foundations and account for the basis of its historical knowledge In this book Booth offers a rigorous assessment of sport history as an academic discipline exploring the ways in which professional historians can gather materials construct and examine evidence and present their arguments about the sporting past Part 1 examines theories of knowledge while Part 2 goes on to scrutinize the uses of historical knowledge in popular and academic studies of sport history With clear structure examples summary tables and a detailed glossary The Field provides students teachers and researchers with an unparalleled resource to tackle issues fundamental to the future of their subject and sets the agenda for the debate to come

Sport in Latin American Society Lamartine DaCosta, J A Mangan, 2014-04-08 This work deals with the infancy adolescence and maturity of sport in Latin American society It explores ways in which sport illuminates cultural migration and emigration and indigenous assimilation and adaptation

The Consumption and Representation of Lifestyle Sports Belinda Wheaton, 2014-06-11 Since their emergence in the 1960s lifestyle sports also referred to as action sport extreme sports adventure sports have experienced unprecedented growth both in terms of participation and in their increased visibility across public and private space book seeks to explore the changing representation and consumption of lifestyle sport in the twenty first century The essays which cover a range of sports and geographical contexts including Brazil Europe North America and Australasia focus on three themes First essays scrutinise aspects of the commercialisation process and impact of the media reviewing and reconsidering theoretical frameworks to understand these processes The scholars here emphasise the need to move beyond simplistic understandings of commercialisation as co option and resistance to capture the complexity and messiness of the process and of the relationships between the cultural industries participants and consumers The second theme examines gender identity and representations exploring the potential of lifestyle sport to be a politically transformative space in relation to gender sexuality and race The last theme explores new theoretical directions in research on lifestyle sport including insights from philosophy sociology and cultural geography The themes the monograph addresses are wide reaching and centrally concerned with the changing meaning of sport and sporting identity in the twenty first century This book was previously published as a Special Issue of Sport in Society

The Palgrave Handbook of Feminism and Sport, Leisure and Physical Education Louise Mansfield, Jayne Caudwell, Belinda Wheaton, Beccy Watson, 2017-11-06 This handbook provides an original comprehensive and unparalleled overview of feminist scholarship in sport leisure and physical education It captures the complexities of past current and future developments in feminism while highlighting its theoretical

methodological and empirical applications It also critically engages with policy and practice issues for women and girls taking part in sport and leisure pursuits and in physical education provision The Palgrave Handbook of Feminism and Sport Leisure and Physical Education is international in scope and includes the work of established and emerging feminist scholars It will be of interest to students and scholars across a range of disciplines including sociology gender studies sport sciences and sports business and management

Sports and The Global South S. Janaka Biyanwila, 2018-03-05 This book reimagines the pleasures of sports and provides a critical perspective from the Global South Analysing the spread of sports markets in Sri Lanka along with a range of struggles the book highlights how the celebration of sportive nationalism promoting sports markets in the Global South reinforces patriarchal ethno nationalist authoritarian sports cultures By explaining how the realm of social reproduction involving households and communities is integral for play and sports the book challenges the market driven sports and development agenda while arguing for a sports commons By foregrounding issues of justice and care the book highlights how struggles for recognition redistribution and representation are central to reimagining sports within an alternative notion of work play and resistance
