*Sporting Blood* Jack London, 1981      *Jack London's Racial Lives* Jeanne Campbell Reesman, 2009 Provides a look at the personal influences and youthful inspirations that resulted in the creation of some of American literature's most cherished works with a special focus on London's thoughts about race relations as experienced by the characters in his books and the way they were portrayed      **Jack London** Earle Labor, 2013-12-24 A revelatory look at the life of the great American author and how it shaped his most beloved works Jack London was born a working class fatherless Californian in 1876 In his youth he was a boundlessly energetic adventurer on the bustling West Coast an oyster pirate a hobo a sailor and a prospector by turns He spent his brief life rapidly accumulating the experiences that would inform his acclaimed bestselling books *The Call of the Wild* *White Fang* and *The Sea Wolf* The bare outlines of his story suggest a classic rags to riches tale but London the man was plagued by contradictions He chronicled nature at its most savage but wept helplessly at the deaths of his favorite animals At his peak the highest paid writer in the United States he was nevertheless forced to work under constant pressure for money An irrepressibly optimistic crusader for social justice and a lover of humanity he was also subject to spells of bitter invective especially as his health declined Branded by shortsighted critics as little more than a hack who produced a couple of memorable dog stories he left behind a voluminous literary legacy much of it ripe for rediscovery In *Jack London: An American Life* the noted Jack London scholar Earle Labor explores the brilliant and complicated novelist lost behind the myth at once a hard living globe trotter and a man alive with ideas whose passion for seeking new worlds to explore never waned until the day he died Returning London to his proper place in the American pantheon Labor resurrects a major American novelist in his full fire and glory      *Rereading Jack London* Leonard Cassuto, Jeanne Campbell Reesman, 1996 Jack London has long been recognized as one of the most colorful figures in American literature He is America's most widely translated author into more than eighty languages and although his works have been neglected until recently by academic critics in the United States he is finally winning recognition as a major figure in American literary history The breadth and depth of new critical study of London's work in recent decades attest to his newfound respectability London criticism has moved beyond a traditional concerns of realism and naturalism as well as beyond the timeworn biographical focus to engage such theoretical approaches as race gender class post structuralism and new historicism The range and intellectual energy of the essays collected here give the reader a new sense of London's richness and variety especially his treatment of diverse cultures Having in the past focused more on London's personal world we are now afforded an opportunity to look more closely at his art and the numerous worlds it uncovers      **Joe Louis** Lew Freedman, 2013-03-21 Joe Louis held the heavyweight boxing championship longer than any other fighter and defended it a record 25 times In the 1930s and 1940s the owner of the heavyweight title was the most prominent non team sports competitor In addition Louis helped bridge the gap of understanding between whites and blacks During World War II he not only raised money for Army and Navy relief and

entertained millions of troops as a morale officer but became a symbol of American hope and strength This biography of Louis outlines his rise from poverty in Alabama to become the best known African American of his time and describes how an uneducated man simple at his core became so articulate and ended up on the side of right in the battles he fought with fist or voice

**Deportes** José M Alamillo,2020-07-17 Spanning the first half of the twentieth century Deportes uncovers the hidden experiences of Mexican male and female athletes teams and leagues and their supporters who fought for a more level playing field on both sides of the border Despite a widespread belief that Mexicans shunned physical exercise teamwork or good sportsmanship they proved that they could compete in a wide variety of sports at amateur semiprofessional Olympic and professional levels Some even made their mark in the sports world by becoming the first Mexican athlete to reach the big leagues and win Olympic medals or world boxing and tennis titles These sporting achievements were not theirs alone an entire cadre of supporters families friends coaches managers promoters sportswriters and fans rallied around them and celebrated their athletic success The Mexican nation and community at home or abroad elevated Mexican athletes to sports hero status with a deep sense of cultural and national pride Alamillo argues that Mexican origin males and females in the United States used sports to empower themselves and their community by developing and sustaining transnational networks with Mexico Ultimately these athletes and their supporters created a sporting Mexican diaspora that overcame economic barriers challenged racial and gender assumptions forged sporting networks across borders developed new hybrid identities and raised awareness about civil rights within and beyond the sporting world

**The Critical Response to Jack London** Susan Nuernberg,1995-08-30 Examines Jack London s literary reputation and critical reception to his works In addition to an overview of general criticism to London s writings it includes excerpts from critics reviews and essays as well as letters written by London in reaction to criticism on specific works To build a fire A Daughter of the snows The Call of the wild The Sea wolf The Iron hell and The Valley of the Moon

**Major Authors and Illustrators for Children and Young Adults**

Laurie Collier,Joyce Nakamura,1993 Contains updated and revised sketches on nearly 800 of the most widely read authors and illustrators appearing in Gale s Something about the author series

**The Portable Jack London** Jack London,1994-07 Alfred Kazin has aptly remarked that the greatest story Jack London ever wrote was the story he lived Newsboy factory work beast gang member hobo sailor Klondike argonaut socialist crusader war correspondent utopian farmer and world famous adventurer London is the closest thing America has had to a literary folk hero His writing itself is concerned with nothing less than the largest questions and the grandest themes What does it mean to be a human being in the natural world What debts do human beings owe each other and to all their fellow creatures This collection places London at last securely within the American literary pantheon It includes the complete novel The Call of the Wild such famous stories as Love of Life To Build a Fire and All Gold Canyon journalism political writings literary criticism and selected letters

**St. James Guide to Science Fiction Writers** Jay P. Pederson,1996 Concise discussions of the lives and principal works of prominent science

fiction authors written by subject experts      **National Union Catalog** ,1982      **National Union Catalog, 1982** ,1983  
     Studies in Short Fiction ,1985      *Western American Literature* ,1982      *The Pacific Historian* ,1982      *The Californians* ,1985      *Reference Guide to American Literature* Jim Kamp,1994 Now in its 3rd edition the Reference Guide to American Literature focuses on the rich diversity of individuals that comprise an important group of American novelists poets dramatists and essayists Entries include expanded multi ethnic representation and profile more African Americans and for the first time Asian Hispanic and Native American writers and works as well as writers who concentrate on women s and gay and lesbian issues      Modern American Literature: H-O Joann Cerrito,Laurie DiMauro,1999 Presents critical excerpts and analyses from a variety of sources that combine to provide overviews of the work of 157 of the most significant authors of the modern period in American literature arranged alphabetically with bibliographies      *Coroebus Triumphs* Sport Literature Association. Meeting,1988 The ancient poets tell us that in the year 776 B C a young cook from Elis won a great footrace in a meadow near the river Alpheus at Olympia The youth Coroebus was crowned with a wreath of wild olive twigs and thus became the first recorded victor in the ancient Olympic Games From this beginning there evolved an alliance of sport and the arts that no culture or civilization since the Greeks has been able to achieve During the summer of 1984 a collection of scholars athletes and artists from various disciplines convened in Coroebus s honor to celebrate the alliance of sport and the arts with the formation of the Sport Literature Association The papers in this volume most of which were presented at the Coroebus Conference are devoted to examining and furthering the understanding of that alliance The Coroebus Conference and particularly the resulting writings compiled in this volume are a long overdue recognition of a neglected relationship This book could well provide the impetus to recapture the alliance from which both sport and the arts benefitted so well in the past Originally published in 1989      *Historical Geography* ,2007
