Square Mile Of Murder:

Square Mile of Murder Jack House, Steven Wiggins, 2002-06-30 Four of the world's greatest murders took place within a square mile of Glasgow's city centre during the latter part of Queen Victoria's reign. These horrific murders were committed not in the East End as expected but in the fashionable and respectable West End of Glasgow. Madeline Smith was accused and found not guilty of lacing her doomed lover's late night cocoa with arsenic; an eighty-three year old woman was brutally battered to death and Jessie McPherson was brutally struck forty times with a meat cleaver in a case considered by some authorities to be the finest in the world. However by far the most chilling crimes are those of Dr Edward William Pritchard, 'The Human Crocodile' who had the coffin lid unscrewed so that he could kiss the lips of the wife he had calculatingly murdered by slow poisoning. Glasgow is a city renowned for its crime and violence but little has been documented about Victorian crime. This timely new edition of a classic best seller is the first of its kind and is as valid today as ever. **Square Mile of Murder** Jack House, 1961

Oscar Slater - A Killer Exposed Brenda Rossini, 2024-03-27 This is the story of Oscar Slater, a Jewish immigrant in Glasgow, Scotland, and two fellow Scottish scammers, Helen Lambie and Patrick Nugent. In the Christmas season of 1908, the trio conspired to rob an elderly wealthy lady of her diamonds and in the course of which, burglary, Oscar Slater murdered her on December 21, 1908. All not some authors and sleuths who researched the 1909 conviction emphatically supported Oscar Slater's innocence that he was misidentified and wrongfully convicted. In an effort to place guilt for Marion Gilchrist's murder squarely on Oscar Slater, the conclusions here reach further back in the crime's timeline to January 1908, about a year before the murder, the month that Patrick Nugent and Helen Lambie attended a New Year's party. The Glasgow police investigation tarried at only 30 days leading up to the murder. FROM THE INTRODUCTION: When you have eliminated all which is impossible, then whatever remains, however improbable, must be the truth. Sherlock Holmes. Sign of Four. If you're looking for Trouble, you've come to the right place. Trouble by Elvis Presley. I am Woman, hear me roar. I am Woman by Helen Reddy. **Water-resources Investigations Report**, 1996

Little War in London James Ward, 2019-08-26 After an acrimonious US election whose outcome Moscow may or may not have influenced, can it really be that a few maverick intelligence agents from Russia and the United States are fighting a discreet battle to the death on some of London's back streets? And that the corpses are piling up out of sight of the British police? And even that the whole thing could spiral at any moment into God knows what version of World War Three? Or is that just more fake news? Well, luckily, no, it isn't. Not yet anyway. Because the media still hasn't heard about it. But that could change. When MI7 Agent John Mordred is assigned to investigate, he discovers a veritable Schrödinger's Cat situation in which the relevant facts are neither wholly present nor entirely absent. And where some of the evidence lies closer to home than is comfortable. Slowly, possibilities emerge that surpass his greatest apprehensions. Or do they? Just what is the truth anyway, and why do we care? **A Glasgow Mosaic** Ian R Mitchell, 2013-11-30 With this book is completed a trilogy of works begun in 2005 with *This City Now Glasgow*

and its Working Class Past and continuing with Clydeside Red Orange and Green in 2009 The three books have all had similar aims in trying to raise the profile of forgotten or neglected areas and aspects of Glasgow and its history in a small way trying to boost the esteem in which such places are held by the people who live in there and by those who visit Moving away slightly from the working class focus this third instalment presents a broad view of Glasgow's industrial social and intellectual history From public art to socialist memorials and from factories to cultural hubs Ian Mitchell takes the reader on a guided tour of Glasgow outlining walking routes which encompass the city's forgotten icons Geology, Hydrology, and Ground-water Flow Near the Akron Municipal Well, Erie County, New York William M. Kappel, Todd S. Miller, 1996 *The Thames Torso Murders of Victorian London* R. Michael Gordon, 2015-10-03 The Thames Torso Murders have been overshadowed by Jack the Ripper and his crimes but were just as brutal and gruesome They began in 1887 in London's East End just north of the Thames River in Rainham England The killer took one victim that year another in 1888 and two more in 1889 He resumed his crimes in 1902 taking his last victim south of the Thames and leaving her body in a pile of dismembered parts as he had done with most of his other victims This work delves deep into the case of the Thames Torso Murders It begins with a look at London in the late 1800s a time of great confusion and tremendous population increase and the killer's path to London which seems to include a murder in Paris in 1886 The book then examines in great detail each murder and the investigation that may have been hindered by the search for Jack the Ripper It also raises the idea that Jack the Ripper and the Torso Murderer may have been the same man Severin Klosowski better known as George Chapman the Borough Poisoner It ends with an examination of Serial Killers the Ripper Torso and Borough Poisoner murder cases the search for clues to the serial killer responsible for the five Thames Torso murders and Wolff Levisohn a dark horse who seems to have known much about all three sets of murders testified at Chapman's murder trial and then faded away as Chapman was sent to the gallows *The Poison Murders of Jack the Ripper* R. Michael Gordon, 2014-01-10 Considered a primary suspect in the unsolved Jack the Ripper murders Polish born Severin Antoniovich Klosowski also gained considerable notoriety as The Borough Poisoner of Southwark in the late 1800s Within a span of five years Klosowski took on three women as his wives and lethally poisoned each with deadly doses of antimony This study of Klosowski's murders of Mary Spink Elizabeth Bessie Taylor and Maud Marsh includes extensive accounts of the individual crimes the accompanying investigations and Klosowski's conviction and execution The final chapter examines intense police and media speculation that Klosowski may also have been the unidentified serial killer Jack the Ripper citing period news articles and more recent developments in the notorious case One appendix provides a detailed timeline of Klosowski's poison period from 1892 to 1903 *Confucius Lives Next Door* T.R. Reid, 2013-04-24 Those who've heard T R Reid's weekly commentary on National Public Radio or read his far flung reporting in National Geographic or The Washington Post know him to be trenchant funny and cutting edge but also erudite and deeply grounded in whatever subject he's discussing In *Confucius Lives Next Door* he brings all these attributes to the

fore as he examines why Japan China Taiwan and other East Asian countries enjoy the low crime rates stable families excellent education and civil harmony that remain so elusive in the West Reid who has spent twenty five years studying Asia and was for five years The Washington Post s Tokyo bureau chief uses his family s experience overseas including mishaps and misapprehensions to look at Asia s social miracle and its origin in the ethical values outlined by the Chinese sage Confucius 2 500 years ago When Reid his wife and their three children moved from America to Japan the family quickly became accustomed to the surface differences between the two countries In Japan streets don t have names pizza comes with seaweed sprinkled on top and businesswomen in designer suits and Ferragamo shoes go home to small concrete houses whose washing machines are outdoors because there s no room inside But over time Reid came to appreciate the deep cultural differences helped largely by his courtly white haired neighbor Mr Matsuda who personified ancient Confucian values that are still dominant in Japan Respect responsibility hard work these and other principles are evident in Reid s witty perfectly captured portraits from that of the school his young daughters attend in which the students maintain order and scrub the floors to his depiction of the corporate ceremony that welcomes new employees and reinforces group unity And Reid also examines the drawbacks of living in such a society such as the ostracism of those who don t fit in and the acceptance of routine political bribery Much Western ink has been spilled trying to figure out the East but few journalists approach the subject with T R Reid s familiarity and insight Not until we understand the differences between Eastern and Western perceptions of what constitutes success and personal happiness will we be able to engage successfully politically and economically with those whose moral center is governed by Confucian doctrine Fascinating and immensely readable Confucius Lives Next Door prods us to think about what lessons we might profitably take from the Asian Way and what parts of it we want to avoid
