Freedom and Imagination S. D. Giere, 2023-05-16 We suffer today from a crisis not of confidence but of trust With the constant barrage of lies untruths and alternative facts all words are dubious all deeds are debatable and all motives are suspect To tell the truth in such a world requires fortitude To believe the truth demands even more In *Freedom and Imagination* S D Giere recovers the idea of faith as trust and of faith in Christ as trusting what God has done through him Tending to faith is like tending to the heart and thereby the health of the whole By trusting Christ one is free to live without the fear of sin and death free to live in love toward the friend the neighbor and even the enemy Faith reveals the cosmos as it is a world reconciled to the Triune God Yet that freedom frequently conflicts with experience Only faith can bend the imagination towards seeing the world in and through Christ *Freedom and Imagination* recovers faith as the theological heart of the human being's participation in the life of God and imagination as faith's interpretive lens Three areas of ministry and life are explored through the imagination of faith biblical interpretation proclamation and Christian freedom

Philosophical Foundations of Classical Chinese Medicine Keekok Lee,2017-05-04 This book makes Classical Chinese Medicine CCM intelligible to those who are not familiar with the tradition many of whom may choose to dismiss it off hand or to assess it negatively Keekok Lee uses two related strategies arguing that all science and therefore medicine cannot be understood without excavating its philosophical presuppositions and showing what those presuppositions are in the case of CCM compared with those of biomedicine Such excavations enable Lee in turn to demonstrate the following theses 1 the metaphysical ontological core of a medical system entails its own methodology how to understand diagnose and treat an illness disease 2 CCM rests on process ontology is Wholist its general mode of thinking is Contextual dyadic its implicit logic

is multi valent its model of causality is non linear and multi factorial 3 Biomedicine in the main rests on thing ontology and dualism is Reductionist its logic is classical bi valent its model of causality is linear and monofactorial 4 hence to condemn CCM as unscientific pseudo scientific plain mumbo jumbo while privileging Biomedicine as the Gold Standard of scientificity is as absurd as to judge a cat to be inferior to a dog using the criteria of goodness embodied in a dog show *Go Buggy Go* Maria D'Alessandro,2017-12-21 *Go Buggy Go* is about how negative patterns and beliefs can lead to self sabotage and not feeling good enough Its about how to use embedded beliefs and patterns as guiding lessons to learn to live from a more healed higher self perspective Its about relationships finding self love and discovering inner strength It is about love loss triumphs and failures It involves emotions that range from fear resentment and depression to forgiveness perseverance and courage It is about a journey of realigning with ones true higher self and the struggle it takes to do so when one has strayed so far for so long from that place *The General's Unexpected Wife* Theresa Yasses,2025-06-24 Song Shengsheng had a nightmare and realized that she was the cannon fodder female supporting character in a period drama the evil ex wife of the male lead who died early In the story she was nothing but a beautiful woman with no other talents To escape her husband she wrote a denunciation letter accusing her military officer husband of having questionable political background Not only that When her husband traveled thousands of miles to chase her and beg her to come home she rejected him without hesitation and even mocked him saying he would never amount to anything in his life In the end her husband s family was exonerated and his father and brothers were restored to their former positions He himself rose through the ranks and upon returning to the capital became a powerful figure in high office As for her the cruel female supporting character who abandoned her husband and children she met a tragic end by taking her own life Song Shengsheng who had awakened from her dream To avoid such a tragic ending she could only keep her head down and strive to be a good person She waited for the turbulent years to pass hoping to divorce the male lead peacefully and each go their separate ways to a happy life Days passed Her husband just like in the book rose higher and higher in his career Song Shengsheng waited and waited but he never initiated the divorce But Song Shengsheng had had enough Once she felt confident enough she said without hesitation Fu Cheng I want a divorce After all these years of working tirelessly to clean up her messes Fu Cheng was taken aback The female lead is a great actress she s just pretending to love him The male lead truly loves her he s just a man of few words
