JEGP, Journal of English and Germanic Philology Gustaf E. Karsten, 1989 Science, Politics and Universities in Europe, 1600-1800 John Gascoigne, 2024-10-28 This book seeks to illustrate the interconnections of science and philosophy with religion and politics in the early modern period by focusing on the institutional dynamics of the university Much of the work is devoted to one key university that of Cambridge and examines the major issues of the institutional setting of Newton's work the religious and political circumstances that favoured its dissemination and the way in which it was dealt with in the curriculum But the author also seeks to place the problem of the role of science in the early modern university in a larger European context To do so he includes a close prosopographical analysis of the scientific community from the mid 15th to the end of the 18th century and discusses the

complex relations between the universities and the Enlightenment **Pedagogy of the Clown** Sean McCusker, 2023-08-28
This book discusses the tradition of clowning from an educational perspective highlighting the resonant philosophies between the two professions and asking what one can learn from the other Modern day clowning follows an age old tradition with a set of principles and beliefs expounded by proponents of the profession Throughout the principles of clowning themes of subversion inversion play and challenge recur These same ideas have a place in the classroom not as everyday practice but perhaps as a leitmotif The book is therefore a call for educators to consider their position within the learning environment and to embody the clown spirit By looking outside of traditional pedagogical thinking and training this book demonstrates ideas and techniques from which educators can borrow or learn allowing them to enhance their own methods and practices It offers an opportunity to revisit the dynamics of the classroom through the recognition of the important role that the clown can play in society The Eighteenth Century, 1996 **The First Modern Society** Lawrence Stone, A. L. Beier, 1989-07-06
Intended to celebrate the 70th birthday of the distinguished historian Lawrence Stone these essays owe much to his influence There are also four appreciations by friends and colleagues from Oxford and Princeton and a little known autobiographical piece by Lawrence Stone himself Law as Performance Julie Stone Peters, 2022-04-14 Tirades against legal theatrics are nearly as old as law itself and yet so is the age old claim that law must not merely be done it must be seen to be done Law as Performance traces the history of legal performance and spectatorship through the early modern period Viewing law as the product not merely of edicts or doctrines but of expressive action it investigates the performances that literally created law in civic arenas courtrooms judges chambers marketplaces scaffolds and streets It examines the legal codes learned treatises trial reports lawyers manuals execution narratives rhetoric books images and more that confronted these performances praising their virtues or denouncing their evils In so doing it recovers a long rich and largely overlooked tradition of jurisprudential thought about law as a performance practice This tradition not only generated an elaborate poetics and politics of legal performance It provided western jurisprudence with a set of constitutive norms that in working to distinguish law from theatrics defined the very nature of law In the crucial opposition between law and theatre law stood for cool deliberation by the book rules and sovereign discipline Theatre stood for deceptive artifice entertainment histrionics melodrama And yet legal performance even at its most theatrical also appeared fundamental to law's realization a central mechanism for shaping legal subjects key to persuasion essential to deterrence indispensable to law's power as it still does today *An Anthology of Neo-Latin Literature in British Universities* Gesine Manuwald, Lucy R. Nicholas, 2022-06-16
Compiled by a team of experts in the field this volume brings to view an array of Latin texts produced in British universities from c 1500 to 1700 It includes a comprehensive introduction to the production of Neo Latin and Neo Greek in the early modern university the precise circumstances and broader environments that gave rise to it plus an associated bibliography 12 high quality sections each prefaced by its own short introduction set forth the Latin and occasionally Greek texts and

accompanying English translations and notes Each section provides focused orientation and is arranged in such a way as to ensure the volume s accessibility to scholars and students at all levels of familiarity with Neo Latin Passages are taken from documents that were composed in seats of learning across the British Isles in Oxford Cambridge Dublin Edinburgh and St Andrews and adduce a wide range of material from orations and disputational theses to collections of occasional verse correspondence notebooks and university drama This anthology as a whole conveys a sense of the extent of Latin s role in the academy and the span of remits in which it was deployed Far from simply offering a snapshot of discrete projects the contributions collectively offer insights into the broader culture of the early modern university over an extended period They engage with the administrative operations of institutions pedagogical processes and academic approaches but also high level disputes and the universities relationship with the worlds of politics new science and intellectual developments elsewhere in Europe

The Beloved in Middle Eastern Literatures Alireza Korangy, Hanadi Al-Samman, Michael Beard, 2017-05-30 In the long literary history of the Middle East the notion of the beloved has been a central trope in both the poetry and prose of the region This book explores the concept of the beloved in a cross cultural and interdisciplinary manner revealing how shared ideas on the subject supersede geographical and temporal boundaries and ideas of nationhood The book considers the beloved in its classical modern and postmodern manifestations taking into account the different sexual orientations and forms of desire expressed From the pre Islamic Udhri romantic unrequited love to the erotic same sex love in thirteenth century poetry and prose the divine Sufi reflections on the topic and post revolutionary love encounters in Iran Egypt and Saudi Arabia The Beloved in Middle Eastern Literatures connects the affective and cultural with the political and the obscene In focusing on the diverse manifestations of love and tropes of the lover beloved binary this book is unique in foregrounding what is often regarded as a taboo subject in the region The multi faceted outlook reveals the variety of philological philosophical poetic and literary forms that treat this significant motif

Jonathan Swift Eugene Hammond, 2016-03-22 Jonathan Swift Irish Blow in covers the arc of the first half of Jonathan Swift s life offering fresh details of the contentment and exuberance of his childhood of the support he received from his grandmother of his striking affection for Esther Johnson from the time she was ten years old his pet name for her in her twenties was saucebox of his precocious entry into English politics with his Contests and Dissensions pamphlet of his brilliant and much misunderstood Tale of a Tub and of his naive determination to do well both as a vicar of the small parish of Laracor in Ireland and as a writer for the Tory administration trying to pull England out of debt by ending the war England was engaged in with France I do not share with past biographers the sense that Swift had a deprived childhood I do not share the suspicion that most of Swift s enmities were politically motivated I do not feel critical of him because he was often fastidious with his money I do not think he was insincere about his religious faith His pride his sexual interests his often shocking or uninhibited language his instinct for revenge emphasized by many previous biographers were all fundamental elements of his being but elements that he either used for rhetorical effect or that he tried to keep in check and that he felt that religion helped him to keep in check Swift had as firm a conviction as did Freud that we are born with wayward tendencies unlike Freud though he saw both religion and civil society as necessary and helpful checks on those wayward tendencies and he frequently but certainly not always acknowledged that he shared those tendencies with the rest of us This biography in two books Jonathan Swift Irish Blow in and Jonathan Swift Our Dean will differ from most literary biographies in that it does not aim to show how Swift s life illuminates his writings but rather how and why Swift wrote in order to live the life he wanted to live I have liberally quoted Swift s own words in this biography because his inventive expression of ideas both in his public works and in his private letters was what has made him a unique and compelling figure in the history of literature I hope in these two books to come closer than past biographies to capturing how it felt to Swift himself to live his life Published by University of Delaware Press Distributed worldwide by Rutgers University Press

Securing Swift Hermann Josef Real, 2001 A major

reconsideration of Jonathan Swift's work undertaken by one of the most influential Swift scholars in the world as well as one of the most important editors in the world of Swiftian studies. The volume discusses biographical concerns: Swift's early family history, Stella's education, before launching into a thorough discussion of the controversies surrounding the satirical works *Tale of a Tub* to *A Modest Proposal*. Real discusses the variety of challenges posed by *Gulliver's Travels* and explicates the historicist and axiological principles informing his criticism of Swift. Few contemporary commentators on Jonathan Swift have exerted as much influence as Hermann J. Real, both for his own criticism and as the editor of the major journal in the field, *SWIFT STUDIES*. Professor Robert Mahony, Catholic University of America, **Irish University Review**, 1990.
