Poets, Artists & 'A Reference for Mellors' Anthony Powell, 2005 Drawn from over four decades of regular reviews for the Daily Telegraph as well as pieces for Apollo Punch and Encounter this is a collection of Anthony Powell's critical writings

If You Can't Trust Your Mother, Whom Can You Trust? Leonard Shengold, 2018-05-01 The main theme of this book concerns the continuing psychic centrality of parents for their children Several chapters examine an author and his works outlining that author's relationships with parents good and bad and making descriptive comments about these based both on information gleaned from the author's life and writings as well as from observations found in autobiographies biographies and critical works Since these studies in part concern stories of child abuse and deprivation the book predominantly illustrates bad parenting that seems to have contributed to the child's psychopathology Yet in most cases there has also been an evocation by the trauma and deprivation of adaptive and even creative reactions this positive effect also of course largely attributable to concomitant good parenting and yet there are some cases where little of this seems to have existed and yet the children still turn out to be able to make something of themselves The conditions that make for psychic health in a traumatized childhood are mysterious and can't always be accounted for

Edward Burne-Jones, Victorian Artist-dreamer Stephen Wildman, Edward Coley Burne-Jones, John Christian, Alan Crawford, Laurence Des Cars, Metropolitan Museum of Art (New York, N.Y.), Birmingham Museums and Art Gallery, Musée d'Orsay, 1998 This publication is issued in conjunction with the 1998 exhibition of the same name held at The Metropolitan Museum of Art in New York and scheduled for venues in England and France Burnes Jones 1833 1898 created a style that had widespread influence on both British and European art a narrative style derived from medieval legend and fused with the influence of Italian Renaissance masters a style that ceded popularity to a growing taste for abstraction at the end of the 19th century Now Burne Jones's star has risen again and this catalogue contains full discussion of his life and work and representation of his prodigious output of drawings
