**Swivel-chair Logger** Bert Webber, 1976      **Swivel-Chair Logger** Bert Webber, 1977-01-01      **The Pacific Logger**, 1960      Scott Burton, Logger Edward Gheen Cheyney, 1923      **Loggers' Handbook**, 1986      The Oregon-American Lumber Company Edward J. Kamholz, Jim Blain, Gregory Kamholz, 2003 This is a lavishly illustrated history of the Oregon American Lumber Company during its heyday one of the most important lumber firms in the Pacific Northwest Operating from 1922 until its closure in 1957 the company provides an illuminating example of the history of lumbering in the region showing in detail both the opportunities and problems encountered by firms seeking to exploit the area's rich natural stands of Douglas fir The story is enhanced by the inclusion of 285 illustrations most of which are previously unpublished that depict logging railroading and sawmilling activities and 17 period specific maps that give the reader a unique perspective on the growth of the company The lumbering industry was pivotal to America's settlement and development reaching its zenith in the period covered by this book which shows how Oregon American's survival depended on successfully adapting to great changes in market forces and in industry structures to natural disasters and to economic crises like the Great Depression Essential to the company's objective of supplying lumber to markets in the Midwest farm belt was its relationship with the Great Northern and Northern Pacific Railroads accordingly the book provides much information on the railroad networks that made timber extraction possible The study is based on fifteen years of archival and on the ground research and draws heavily on the extensive collection of Oregon American records notably the correspondence files of Judd Greenman the company president who conceived and executed most of the company's operating policies It also includes as sidebars engaging oral histories related by employees which enrich the text and provide a vivid contrast between management and employee viewpoints      North Beach Peninsula's IR&N Sydney Stevens, 2009 For nearly 40 years the quirky little narrow gauge railroad begun in 1889 by the Ilwaco Railway and Navigation Company ran along the North Beach Peninsula in southwestern Washington The train provided the primary transportation link from Ilwaco in the south to Nahcotta in the north making peninsula communities accessible to one another and supplying a reliable route to outside markets for the area's major industries oystering logging and cranberry farming A tide table not a timetable governed the railroad's schedule allowing coordination with the steamers that met the train at either end of its daily journeys Old timers of the area still speak affectionately of the train's unorthodox schedule and its informal and accommodating service And they remember with fondness that the IR N was widely known as the Irregular Ramblin and Never get there Railroad      **The Timberman**, 1915      *The Timberman*, 1952      **Hearings** United States.
