

"He drew his broadsword and looked about him, trying to locate the beady black eyes he knew glittered at him from somewhere in the close-set greasewood bushes. ... Even as he sought the slayer of his steed, the man appeared—he rose erect and sprang over a low shrub almost in one movement. A vengeful yell of triumph quivered in the late afternoon stillness.

"An instant they faced one another, separated by more than the fifty foot stretch of lawny sand—the New World and the Old personified in the two men."

Sword and sorcery in the aeon of Cthulhu Rising The sciences each straining in its own direction have hitherto harmed us little but some day the piecing together of dissociated knowledge will open up such terrifying vistas of reality and of our frightful position therein that we shall either go mad from the revelation or flee from the light into the peace and safety of a new dark age So saith Lovecraft Picture a future Earth a savage world where science is jettisoned in favour of primitive superstition where technology has become the idol of a new religion A world where the truth of Cthulhu has been revealed where a lunatic humanity has discovered its true insignificance the punchline in a cosmic joke A new dark age has descended upon a species that has learnt too much Science and superstition and the sorcery of the Mad Arab create a world where only the strong survive and barbarian warriors battle for existence in a bleak and pitiless universe **Swords Against Cthulhu** Rogue Planet Press,2015-06-20 *Swords against Cthulhu* an anthology of sword and sorcery Cthulhu Mythos crossovers Mighty thewed barbarians battle alien wizardry and cosmic terror in a blind unreasoning universe where only the strong survive The Cthulhu Mythos is best known as a horror genre but its influence was felt on the work of seminal sword and sorcery writers Robert E Howard and Clark Ashton Smith and its pessimistic tone has continued to predominate in the genre to this day However mighty the hero the forces of chaos the blasphemous powers of an insouciant universe are stronger or are they All a doomed swordsman can do is face the outer darkness blade in hand a song of defiance on his lips and hope to die fighting Including stories by Damir Salkovic Mark Sims Sergio Palumbo and many more **Sorcery Against Caesar** Richard L. *The A to Z of Fantasy Literature* Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites
