Wyant, Jessica R. Corman, James J. Elser, 2013-08-08 A complete and multidisciplinary study of phosphorus sustainability stemming from the Frontiers Life Sciences Sustainable Phosphorus Summit Routledge Handbook of Landscape and Food Joshua Zeunert, Tim Waterman, 2018-02-02 Since the turn of the millennium there has been a burgeoning interest in and literature of both landscape studies and food studies Landscape describes places as relationships and processes Landscapes create people s identities and guide their actions and their preferences while at the same time are shaped by the actions and forces of people Food as currency medium and sustenance is a fundamental part of those landscape relationships. This volume brings together over fifty contributors from around the world in forty profoundly interdisciplinary chapters Chapter authors represent an astonishing range of disciplines from agronomy anthropology archaeology conservation countryside management cultural studies ecology ethics geography heritage studies landscape architecture landscape management and planning literature urban design and architecture Both food studies and landscape studies defy comprehension from the perspective of a single discipline and thus such a range is both necessary and enriching The Routledge Handbook of Landscape and Food is intended as a first port of call for scholars and researchers seeking to undertake new work at the many intersections of landscape and food Each chapter provides an authoritative overview a broad range of pertinent readings and references and

seeks to identify areas where new research is needed though these may also be identified in the many fertile areas in which subjects and chapters overlap within the book **The Food and Drink of Sydney** Heather Hunwick, 2018-03-22 Sydney famed for its setting and natural beauty has fascinated from the day it was conceived as an end of the world repository for British felons to its current status as one of the world's most appealing cities. This book recounts and celebrates the central role food has played in shaping the city s development from the time of first human settlement to the sophisticated open and cosmopolitan metropolis it is today The reader will learn of the Sydney region s unique natural resources and come to appreciate how these shaped food habits through its pre history and early European settlement how its subsequent waves of immigrants enriched its food scene its love hate relationship with alcohol its markets restaurants and other eateries and how Sydneysiders old and new eat at home The story concludes with a fascinating review of the city s many significant cookbooks and their origins and some iconic recipes relied upon through what is for a global city a remarkably brief history **Bottom Line Diet** Jessica Irvine, 2014-01-01 In this straightforward but groundbreaking new book Jessica Irvine documents her own dramatic weight loss and equips you with easy to use tools and practical information to help you lose weight Based on interviews with leading obesity researchers Jessica shows you how to work out your own bottom line the number of calories your body uses in a day for maximum weight loss results Then once you ve lost weight she shows you how to keep it off and should you happen to put some kilos back on how to lose it again like she did Packed full of personal tips Jessica explains the simple accounting principles she used to lose weight and then maintain her weight loss Let Jessica help you beat the odds to transform your body forever Weight loss comes down not to fad diets but to one very simple rule you must consume fewer calories than you burn in a day If you re putting on weight you re failing to balance the books by eating too much or not moving enough or both It s time to figure out which Food Words Peter Jackson, 2013-06-27 Food Words is a series of provocative essays on some of the most important keywords in the emergent field of food studies focusing on current controversies and on going debates Words like choice and convenience are often used as explanatory terms in understanding consumer behavior but are clearly ideological in the way they reflect particular positions and serve specific interests while words like taste and value are no less complex and contested Inspired by Raymond Williams Food Words traces the multiple meanings of each of our keywords tracking nuances in different academic commercial and policy contexts Mapping the dynamic meanings of each term the book moves forward from critical assessment to active intervention an attitude that is reflected in the lively sometimes combative style of the essays Each essay is research based and fully referenced but accessible to the general reader With a foreword by eminent food scholar Warren Belasco Professor of American Studies at the University of Maryland Baltmore County and written by an inter disciplinary team associated with the CONANX research project Consumer culture in an age of anxiety Food Words will be essential reading for food scholars across the arts humanities and social sciences The Economics of Ecosystems and Biodiversity for Local and

Regional Policy Makers , The Tastes and Politics of Inter-Cultural Food in Australia Sukhmani Khorana, 2018-03-13 In the 21st century an accelerated pace of global movements of people goods capital technology and ideas has led to ambivalence regarding cultural identity for individuals as well as collectives like neighbourhoods and cities While the preparation availability and consumption of diverse foods have become symbolic of the very openness of a place there are concerns that this is only reflective of a superficial and consumerist form of middle class cosmopolitanism Using food oriented case studies centred on Australian cities and media Bonding Over Food argues for a processual understanding of cosmopolitanism Such an approach helps us understand various kinds of social bonds formed over food as convivial practices that are potentially ethical and or reflexive as opposed to being driven by othering discourses **Food Tourism and Regional Development** C. Michael Hall, Stefan Gössling, 2016-05-26 Food tourism is a topic of increasing importance for many destinations. Seen as a means to potentially attract tourists and differentiate destinations and attractions by means of the association with particular products and cuisines food is also regarded as an opportunity to generate added value from tourism through local agricultural systems and supply chains and the local food system From a regional development perspective this book goes beyond culinary tourism to also look at some of the ways in which the interrelationships between food and tourism contribute to the economic environmental and social wellbeing of destinations communities and producers It examines the way in which tourism and food can mutually add value for each other from the fork to the plate and beyond Looking at products e g cheese craft beer noodles wine attractions restaurants and events and diverse regional examples e g Champagne Hong Kong Jamaica Margaret River southern Sweden and Tuscany the title highlights how clustering networking and the cultural economy of food and tourism and foodscapes adds value for regions Despite the attention given to food wine and culinary tourism no book has previously directly focused on the contribution of food and tourism in regional development This international collection has contributors and examples from almost every continent and provides a comprehensive account of the various intersections between food tourism and regional development This timely and significant volume will inform future food and tourism development as well as regional development more widely and will be valuable reading for a range of disciplines including tourism development studies food and culinary studies regional studies geography and Olympic Cities: 2012 and the Remaking of London Iain MacRury, 2017-03-02 Drawing upon environmental studies historical cultural economic and socio demographic perspectives this book examines the role of a sporting mega event in promoting urban regeneration and social renewal Comparing cities that have or will be hosting the event it explores the political economy of the games and the changing role of the state in creating post industrial metropolitan spaces It evaluates the changing perceptions of the Olympic Games and the role of sport in the global media age in general and assesses the implication of mega event regeneration policies for local communities and their cultural social and economic identities with specific reference to east London and the Thames Gateway **Prime Ministers and Rhetorical Governance** D.

Grube,2015-12-04 Prime Ministers in Westminister style democracies are forever talking to and communicating with the electorate This ground breaking book explores and analyses the uses of political rhetoric by Prime Ministers to explore patterns of communication and shows that the manner in which they talk to the electorate is central to day to day governance
