The Oxford Encyclopedia of Women in World History Bonnie G. Smith,2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated

women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region. They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected. The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes. The Encyclopedia contains over 1,250 signed articles arranged in an A-Z format for ease of use. The entries cover six main areas: biographies, geography and history, comparative culture and society, including adoption, abortion, performing arts, organizations and movements such as the Egyptian Uprising and the Paris Commune, women's and gender studies, and topics in world history that include slave trade, globalization and disease. With its rich and insightful entries by leading scholars and experts, this reference work is sure to be a valued go-to resource for scholars, college and high school students, and general readers alike. Convict Voices Anne Schwan, 2014-12-02

In this lively study of the development and transformation of voices of female offenders in nineteenth-century England, Anne Schwan analyzes a range of colorful sources including crime broadsides, reform literature, prisoners' own writings about imprisonment and courtroom politics, and conventional literary texts such as Adam Bede and The Moonstone. Not only does Schwan demonstrate strategies for interpreting ambivalent and often contradictory texts, she also provides a carefully historicized approach to the work of feminist recovery. Crossing class lines, genre boundaries, and gender roles in the effort to trace prisoners, authors, and female communities imagined or real, Schwan brings new insight to what it means to locate feminist or protofeminist details, arguments, and politics. In this case, she tracks the emergence of a contested and often contradictory feminist consciousness through the prism of nineteenth-century penal debates. The historical discussion is framed by reflections on contemporary debates about prisoner perspectives to illuminate continuities and differences. Convict Voices offers a sophisticated approach to interpretive questions of gender, genre, and discourse in the representation of female convicts and their voices and viewpoints. **Wives & Property** Lee Holcombe, 1983-12-15

In the 1870s, Millicent Garrett Fawcett had her purse snatched by a young thief in London. When he appeared in court to testify, she heard the young man charged with stealing from the person of Millicent Fawcett, a purse containing 1 18s 6d, the property of Henry Fawcett. Long after the episode, she recalled, "I felt as if I had been charged with theft myself." The English common law, which deprived married women of the right to own and control property, had far-reaching consequences for the status of women, not only in other areas of law and in family life but also in education and employment and public life. To win reform of the married women's property law, feminism as an organized movement appeared in the 1850s, and the final success of the campaigns for reform in 1882 was one of the greatest achievements of the Victorian women's movement. Dr. Holcombe explores the story of the reform campaign in the context of its time, giving particular attention to the many important men and women who worked for reform and to the debates on the subject which contributed greatly to the formulation of a philosophy of feminism. *The*

Process of International Legal Reproduction Rose Parfitt, 2019-01-17 That all states are free and equal under international law is axiomatic to the discipline Yet even a brief look at the dynamics of the international order calls that axiom into question Mobilising fresh archival research and drawing on a tradition of unorthodox Marxist and anti colonial scholarship Rose Parfitt develops a new modular legal historiography to make sense of the paradoxical relationship between sovereign equality and inequality Juxtaposing a series of seemingly unrelated histories against one another including a radical re examination of the canonical story of Fascist Italy s invasion of Ethiopia Parfitt exposes the conditional nature of the process through which international law creates and disciplines new states and their subjects The result is a powerful critique of international law s role in establishing and perpetuating inequalities of wealth power and pleasure accompanied by a call to attend more closely to the strategies of resistance that are generated in that process

Sinners? Scroungers? Saints? Pat Thane, Tanya Evans, 2012-05-31 This is the first book to describe the real lives of unmarried mothers and attitudes towards them in England from the First World War to the present day The focus is on England because the legal positions and other circumstances of unmarried mothers were often very different elsewhere in Britain The authors use biographies and memoirs as well as archives and official sources to challenge stereotypes of the mothers as desolate women rejected by society and by their families until social attitudes were transformed in the permissive 1960s They demonstrate the diversity of their lives their social backgrounds and how often they were supported by their families neighbours and the fathers of their children before the 1960s and the continuing hostility by some sections of society since then They challenge stereotypes too about the impact of war on sexual behaviour and about the stability of family life before the 1960s Much of the evidence comes from the records of the National Council for the Unmarried Mother and Her Child set up by prominent people in 1918 to help a social group they believed were neglected and which is still very active today as Gingerbread supporting lone parents in need of help Their work tells us not only about the lives of those mothers and children who had no other support but also another important story about the vibrancy of voluntary action throughout the past century and its continuing vital role working alongside and in co operation with the Welfare State to help mothers into work among other things Their history is an inspiring example of how throughout the past century voluntary organizations in the Big Society worked with not against the Big State
