Magical Garden of Women and Jane Marcus's *Thinking Back through Our Mothers* explore Woolf's relationships with women and offer a historical approach to her identification with other women writers. Marcus points out Woolf's technical achievement in the creation of a demotic chorus, the collective sublime, in direct opposition to the egotistical sublime of male writers. Sara Ruddick's *Private Brothers: Public World* compares Woolf's relations with real and fictional brothers. Judy Little revises all previous readings of *Jacob's Room* by treating it as parody. J. J. Wilson's *Why Is Orlando Difficult?* broaches the central problem of Woolf's most notorious novel. Jane Lilienfeld's investigation of *To the Lighthouse* provides new insight into the Ramsays' marriage. Suzette Henke's reading of *Mrs Dalloway* detects an interlacing of feminism and Christian mysticism in the novel. Madeline Moore's essay on *The Voyage Out* explains that puzzling novel in terms of the myth of Demeter and Persephone again, a mother-daughter relationship. Susan Squier, overturning established opinion, argues that *They Years* is one of Woolf's most important novels. Louise DeSalvo's *Shakespeare's Other Sister* analyzes an unpublished Woolf story. Nora Eisenberg uses *Anon*, an unpublished manuscript in the Berg Collections, to elucidate *Between the Acts*.

Feminism and Art History Now Victoria Horne, Lara Perry, 2017-06-30

To what extent have developments in global politics, artworld institutions and local cultures reshaped the critical directions of feminist art historians? The significant new research gathered here engages with the rich inheritance of feminist historiography since around 1970 and considers how to maintain the forcefulness of its critique while addressing contemporary political struggles. Taking on subjects that reflect the museological, global and materialist trajectories of twenty-first century art historical scholarship, the chapters address the themes of Invisibility, Temporality, Spatiality and Storytelling. They present new research on a diversity of topics that span political movements in Italy, urban gentrification in New York, community art projects in Scotland and Canada's contemporary indigenous culture. Individual chapter analyses focus on the art of Lee Krasner, The Emily Davison Lodge, Zoe Leonard, Martha Rosler, Carla Lonzi and *Womanhouse*. Together with a synthesising introductory essay, these studies provide readers with a view of feminist art histories of the past, present and future.

A Suffragette in America E. Sylvia Pankhurst, 2019-05-20

This book is a collection of Sylvia Pankhurst's writing on her visits to North America in 1911-12. Unlike the standard suffragette tours which focused on courting progressive members of America's social elite for money, Pankhurst got her hands dirty, meeting striking laundry workers in New York, visiting female prisoners in Philadelphia and Chicago, and grappling with horrific racism in Nashville, Tennessee. Adored by socialist students and progressive politicians, Pankhurst was also shocked by the dark underbelly of American society. Bringing her own experiences of imprisonment and misogyny from her political work in Britain, she found many parallels between the two countries. These never before published writings mark an important stage in the development of the suffragette's thought, which she brought back to Britain to inform the burgeoning working-class suffrage campaign there. The book also includes a contextualising introduction by Katherine Connelly.
